THE WEATHER
Cloudy and warmer tonight and Friday with probable local snows Friday.

THE NEWARK ADVOCATE

16 PAGES TODAY

VOLUME 99.—NUMBER 17. NEWARK, OHIO, THURSDAY EVENING, DECEMBER 11, 1919 TEN CENTS A WEEK

FEARS OF COAL SHORTAGE ARE NOW DISPELLED

Resumption of Mining Will Relieve Situation Officials Say.

MINES WILL BE OPERATING NEXT WEEK IS BELIEF

Expect First Coal to Be Marketed From Mines Next Monday.

Columbus, Dec. 11.—Fears that the fuel shortage in Ohio would become more serious were dispelled today with the promised resumption immediately of coal mining in this state.

State officials of the United Mine workers had not arrived here from Indianapolis this morning and nothing definite was known as to how soon the Ohio coal miners would receive the official order to resume work.

It was believed in coal mining circles however that the miners would obey strictly the latest order of their union officials, and that by the first of next week all mines would be operating to the full limit of capacity.

Miners in Jefferson county did not return to the mines today but union officials were quoted as saying that most of the me nwere satisfied with the adjustment made at Indianapolis yesterday. Machine men will enter the mines tomorrow morning, the miners will return to work Saturday morning and coal will be marketed from the mines next Monday morning.

NONE RESUMES IN PITTSBURGH DISTRICT

Pittsburgh, Dec. 11.—Not a union mine in the Pittsburgh district resumed operations today as a result of the action taken by the United Mine Workers of America in Indianapolis yesterday, but it was confidentially expressed that the men would be back to work not later than Monday.

Local headquarters of the union were without official information that the strike had been called off and one of the office force volunteered the information that nothing could be done until this information had been received.

Mine owners had their properties in readiness for quick resumption as soon as the men reported, and from other sources came reports that many miners were anxiously awaiting the required order.

At best it was said, the men could do little before Monday. Friday is generally looked upon as "bad luck" day, and so is the thirteenth of the month which falls on Saturday. On neither of these days, operators, said would many men feel like resuming work after the suspension.

SOME MICHIGAN MINERS START TO WORK TOAY

Bay City, Mich., Dec. 11.—Although in some Michigan mines, Michigan workers started cutting coal this morning, Vice President Cook, of the Michigan district, expressed doubt this morning that the settlement affected at Indianapolis would be accepted generally by Michigan miners.

Vice President Cook has called meetings of the miners at Bay City and Saginaw for tonight.

The operators are more optimistic and are proceeding with preparations to have the mines in readiness when the workers decide to return.

TOLEDO PLANTS CLOSE TO SAVE FUEL SUPPLY

Toledo, Dec. 11.—Practically all manufacturing plants in th ecity will be closed tonight for the remainder of the week in compliance with government fuel regulations. Included among the plants to suspend is that of the Willys-Overland company, where 13,000 are employed. It is estimated that 60,000 workers here are affected by the closing order.

Operations will be resumed Mondal morning for three full days to be followed by three days shutdown. This schedule will remain in effect until the fuel orders are modified.

Toledo stores are running the usual number of hours but lighting has been reduced one half.

JEFFERSON MINERS ARE PLEASED WITH ADJUSTMENT

Steubenville, Dec. 11.—Although union miners did not respond when whistles were blown to go back to work in the Jefferson county coal field this morning, it was announced by union heads that the men were satisfied with the adjustment and coal will be marketed from all local mines by next Monday morning. Machine men will enter the mines tomorrow morning and the miners will back by Saturday morning to bring to surface the first coal since the beginning of the national miners strike. The Follansbee Bros. mill at Follansbee, W. Va., across the river from here which has been closed for two weeks on account of no coal is preparing to resume operations the first of next week. All other steel industries in this district are under operation.

SINN FEINER ARRESTED.

Dublin, Dec. 11.—Thomas Kelly, Sinn Fein member of the house of commons, was arrested in the course of a number of raids by the police and the military today. The houses searched included that of Count Plunkett, who was absent at the time.

• ONE WAY GERMANY IS SAID TO EVADE TREATY CONDITIONS

Group of German "guards" at drill and Gen. Von Eberhardt.

The striking photo above received from Germany shows one of the ways Germany is said to be evading the peace treaty terms. Under the treaty the Germans were allowed an army of less than 200,000 men but by calling many of her military organizations public service police, volunteers, citizen guards, etc., they now had a force of over 400,000, it is said. Gen. Von Eberhardt, who has been leading the German army in Lithuania, has been placed in charge of the new German home forces.

COX APPEALS TO OHIO MINERS TO RETURN TO PITS

Assures Men That State Will Give Full Co-operation to Men.

DECLARES PRESIDENT WILL PROTECT RIGHTS OF ALL

Believes President's Commission Will Settle Controversy

, Columbus, Dec. 11.—Governor Cox today appealed to Ohio miners to immediately resume work in Ohio on the basis of settlement effected at Indianapolis yesterday to the ned that the top production of coal may be had.

The appeal was sent out through the officers of the Ohio Mine Workers who returned to Columbus today from Indianapolis.

Replying to a telegram from Attorney General Palmer, announcing the acceptance of the presidents proposal, the governor gave full assurance of cooperation on the part of the state government to secure immediate resumption of operations, in all districts, upon the basis which obtained October 31, except as to wages, which are to be 14 per cent higher than at that date.

"We have every confidence," said the governor,, "that the commission appointed by the president will arrive at the vital facts in the whole controversy and that is what every body wants. We are all thoroughly assured that President Wilson will see to it that every interest has its rights protected."

"We hope that all the miners in Ohio will be at work tomorrow," said John Moore, president of the Ohio miners upon his return today from Indianapolis.

President Moore said some of the mines might not be able to resume operations then because some of the min emules have been turned out of the mines and their shoes taken off during the suspension.

"By Monday," said Moore, "Every mine in Ohio should be in operation." A few of the miners in Ohio are said to have returned to work today.

COLUMBIA MINES WILL OPEN FRIDAY

East Liverpool, Dec. 11.—Delay in receipt of official notification of the settlement of the coal strike caused a postponement of resumption of mining in Columbiana county mines this morning until tomorrow. The mine owners here and at Salinesville, West Point, Leetonia, an dother points said they would reopen the mines in accord with the Indianapolis settlement tomorrow morning.

PRESIDENT THANKS MINERS FOR ACTION

Washington, Dec. 11.—President Wilson today telegraphed acting President Lewis of the coal miners union his appreciation of the "patriotic action" taken by the miners representatives yesterday at Indianapolis. The telegram follows:

"May I not express to you, and through you, to the other officers of your organization, my appreciation of the patriotic action which you took at Indianapolis yesterday. Now we must all work together to see to it that a settlement just and fair to everyone is reached without delay.

(Signed) "Woodrow Wilson."

SHEDS BLOOD FOR COUNTRY; OHIO SOLONS CANCEL HIS DEBT TO THE STATE

Columbus, Dec. 11.—A little piece of legislation quietly enacted by both houses of the general assembly yesterday not only staved off bankruptcy for Frank J. Bentz, wounded ex-service man from Morgan county, but saved for his widow mother the homestead she was about to sacrifice to wipe clean the son's slate of indebtedness.

Bentz was under contract with the state highway department for construction of three miles of paving in Morgan county and had the job about half completed when he was drafted for the army. His mother mortgaged the home to complete the work, but the men she employed abandoned the job and it was finished force-account by the state, Bentz and his bondsmen being held liable for all losses incurred by the state.

Wounded at the Marne, Bentz returned home wearing three wound chevrons and incapacitated for continuance of his work. His mother was preparing to sacrifice the home to reimburse the state on her son's contract and bond.

Yesterday the senate and house unanimously passed a bill declaring Bentz's contract cancelled and relieving him and his bondsmen from further liability.

"It means a happy Christmas after all and saves our home," exclaimed Bentz's sister as she thanked the solons, for it was through her endeavor that the matter was brought before the legislature.

WARMER WEATHER AND SETTLEMENT OF STRIKE HELPS IN FUEL CRISIS

Chicago, Dec. 11.—Relief from the most serious coal shortage ever known today was in sight. No immediate relaxation of the rigid fuel conservation measures was in prospect, but the return to the mines of the first of the approximately 400,000 bituminous coal miners, ending a 40 days' strike, and abatement, except in the east and far northwest, of the severe weather of the past two days held forth hope for a rapid return to normal conditions. At some of the mines delays in resumption of production after acceptance yesterday at Indianapolis of the proposal of President Wilson for settling the strike were in prospect. Recalcitrant workers were expected to be few, however, and the more optimistic observers believed that by tomorrow night, the mines would be yielding 75 per cent of a normal output.

Thousands of empty coal cars today were on sidings at the mines in readiness to be rushed to the most needy sections as soon as loads were available. Relief for some points, however, faced delay because of almost unprecedented snowfall. In the plains states railroad traffic was badly disrupted by snow drifts and in the Pacific northwest, where nearly 40 hours of uninterrupted snowfall was recorded, conditions were worse.

Throughout the central area the subzero temperatures that yesterday in many places established unseasonable records, today had given away to milder temperatures and lessened the sacrifice coal saving entailed.

Denver led the upward trend of the mercury with a 62 degree range from 12 below zero to 50 above. At other places the moderation was less marked.

Except in the Illinois fields where it was said by one union leader that the men had looked forward to a 31 per cent increase and in Montana where the district president said the miners would not return to work as long as soldiers remained in the coal fields, the chief delay in resuming work today was expected to result from district and local leaders awaiting receipt of the telegram from the international officers notifying them of the ending of the strike. In the Pittsburgh district, it was said nothing would be done toward calling the 42,000 miners there back to work until the official notice had been received. Such notice was despatched to the locals by John L. Lewis, acting president, immediately after acceptance of President Wilson's proposal.

Generally the mines were in condition to be worked immediately. The New England states today felt for the first time restrictions imposed because of the fuel shortage and New York's "great white way" was dark last night for the first time under threat of "heavy fines or prison sentences." New York was spared enforcement of the three-day-week decreed by the fuel administration for manufacturing plants but restrictions already in force in many other cities were expended there. In New England 278 passenger trains were annulled.

On the western side of the continent a number of cities and towns in the Pacific northwest were reported in urgent need of fuel. In Oregon only two or three main line passenger trains were able to move because of the snow.

TRAIN IS DERAILED TRAINMEN UNHURT

B. & O. Passenger Engine and Three Coaches Leave Rails Near Station at Butler Shortly Before Noon.

The engine and three coaches of passenger train No. 44, which left Sandusky at 8:30 o'clock this morning, and which was due in this city at 12:05 o'clock this afternoon, was derailed shortly after the train left the station at Butler, midway between Mt. Vernon and Mansfield. The train, running about 10 miles an hour at the time had reached the end of the siding when the engine and cars left the rails.

The engine turned partly over and the three coaches remained upright. The train was in charge of Conductor James Moore and Engineer Henry McGreevey of this city. A number of Newark people were in the coaches, but neither trainmen or passengers were injured, although a few of the later were badly frightened and shaken up. Had the train been going at a much faster speed there might have been a serious wreck. The cause of the accident has not as yet been developed.

HUFFMAN O. S. U. CAPTAIN.

Columbus, Dec. 11.—Iolas Huffman, Chandlersville, was elected captain of next year's Ohio State University football team last night.

COMMITTEE URGES INCOME TAX FOR FINANCIAL ILLS

Graduated Auto Tax Bill Also Is Endorsed In Report Filed.

SCHOOL RELIEF BILL ALSO GETS COMMITTEE'S O. K.

Radical Changes Must Be Made In Hughes Health Code.

Columbus, Dec. 11.—The joint taxation committee of the legislature made its final report to the assembly today in which it recommends pasage of the graduated motor vehicle tax bill, an income tax, the school relief bill and other measures to provide relief for the various political sub divisions of the state. The senate had up for passoge this afternoon the graduated motor vehicle tax bill which passed the house yesterday, while the house was debating gthe proposed income tax law. The automobile bill is expected to be placed on final passage tomorrow, while the income tax bill will undoubtedly be carried over until next week's session.

There was much speculation today as to what will be done with the Hughes health code, passed last spring and which was scheduled to take effect January 1. Officials of the state department of health admitted today that the decision of the supreme court this week in the Elyria case in which the enactment of laws applicable only to cities of certain population are held unconstitutional, makes necessary radical changes in the Hughes bill.

Since most of the opposition to the Hughes law comes from rural districts, the rural members of the house have taken the lead in drafting proposed amendments to the law. One amendment proposed today would abolish civil service requirements for physicians employed as health officers and another would make it optional whether health districts should have full time health officers.

The senate schools committee today heard arguments from Cincinnati and Cleveland school teachers in favor of the Wenner teachers' tenture bill, but took no action. The committee recommended for passage the Jones bill requiring non-English speaking miners between the ages of 16 and 21, to take

(Continued on Page 2. Col. 1)

WATSON DOES NOT SEEK NOMINATION

Indiana Senator Announces That He Would Not Permit His Name to Disrupt Party Harmony.

Washington, Dec. 11.—Although the Republican national committee has adjourned its session here after selecting Chicago as the place and June 8th as the date for the national convention, political circles in the capitol were kept alive today by the various booms for Republican presidential candidates for 1920.

Many Republican leaders have left for their homes but a larger number remained for the meeting today of the state chairmen who have organization questions under decision.

Supporters for candidates for the presidential nomination have been unusually active here during the last few days, but so far few of the candidates had appeared formally in the open. Senator Watson of Indiana, who had been advanced as a possible nominee, in a formal statement declared he was not seeking the nomination and would not permit personal ambition to interfere with party harmony.

Chicago won the convention by a vote of 44 to 9, St. Louis being the only competitor when the final vote was taken.

The committee adopted a resolution commending the states which have ratified the national woman suffrage amendment and urging the other states to do so in time to permit women to vote in the 1920 elections. The membership of the various committees, which will serve during the approaching campaign was named.

POSSES HUNT FUGITIVE WHO FIRED ELEVATOR

Danville, Ohio, Dec. 11.—Posses of citizens were scouring the countryside near here today for a man said to have set fire to the C. V. Danbury company planing mill and lumber yard here last night, causing a loss estimated at $35,000.

The man, whose name was not learned, was captured shortly after discovery of the fire. To officers he asserted he had been sent by Cleveland men to fire the mill. A few minutes later he broke away from his captors and though a dozen shots were fired made good his escape.

WILL STOP I. W. W.

Washington, Dec 11.—Immigration officials on the border were instructed today by Anthony Caminetti, commissioner general of immigration to forward a report on the threatened invasion from Mexico of 50 Russian Bolsheviki and 150 Mexican I. W. W. Mr. Caminetti expressed little concern as to the ability of the immigration officials to cope with such a situation in view of the strength of the United States troops on the border.

NEGRO EDUCATOR DIES.

South Orange, N. J., Dec. 11.—Alexander Priestly Camphor, negro bishop of Liberia, Africa, for the Methodist Episcopal church, and negro educator in the United States, died today of pneumonia at his residence here after a week's illness. He was 54 years old.

STATE DEPARTMENT ASKED TO PROTECT AM. OIL INTERESTS

MEXICAN GOVERNMENT INTERFERES WITH OPERATIONS OF AMERICAN COMPANIES IN SOUTHERN PETROLEUM OIL FIELDS.

AMERICAN NOTES ON SUBJECT ARE IGNORED BY PRESIDENT CARRANZA

New Decrees By Carranza Government Provides That All New Wells Must Become Property of Government—Soldiers Halt Drilling Operations.

Washington, Dec. 11.—President Wilson had before him today another memorandum on the Mexican situation. It related to the interference of the Carranza government in the operation of American owned oil properties in Mexico and was prepared by Chairman Payne, of the shipping board, upon information furnished by representatives of Mexican oil producers. Chairman Payne also sent a letter to Secretary Lansing urging that the state department take action toward protecting the American owned oil properties in Mexico.

By the stopping of drilling of new oil wells, by the Mexican government, the shipping board has become concerned over the operation of the large merchant marine as the bulk of the fuel for the 500 oil burning steamers has been obtained from the Mexican fields. Should this supply be cut off, it was pointed out, the operation of the vessels necessarily would be curtailed.

It has developed that the state department during the last six months dispatched three notes to the Mexican government protesting against the oil decrees but no replies have been received from President Carranza. It was learned today that Mexican soldiers had halted drilling operations of American companies on the ground that permits to drill had not been obtained. Under the Mexican government decrees, foreign oil companies must agree in advance that the new wells shall become the property of the Mexican government.

VILLA FORCE ATTACKS TOWN FOR REVENGE

Eagle Pass, Texas, Dec. 11.—In reprisal for the recent execution of General Felipe Angeles, 400 Villaists early today attacked the town of Muzquiz, state of Coahuila, looting the stores and seizing several prominent citizens for hostages, according to information received here today.

VICTORIA CROSS MAN IS WINDOW CLEANER

New York, December 11.—Having received five decorations for gallantry as an airman during the war, including the prized Victoria Cross of the British Empire, Frank Percy, 26 years old, has been forced to wash windows for a living. His pay is $75 a month.

"I had to have a job," he said "so I started on the first one that was offered. It may have been offered as a joke, but is was no joke to me."

Percy, as an Acting Major of the Royal Air Force, won the Victoria Cross when he commanded a squadron of six planes which brought rown a score of German machines on the western front. He also is entitled to wear the French War Cross, Mons Medal, General Service Medal and Victory Medal.

E. A. CUDAHY, JR., TO WED.

Chicago, Dec. 11.—Edward A. Cudahy Jr., who was kidnapped from his home in Omaha 10 years ago by Pat Crowe and ransomed for $25,000, is engaged to be married, it was announced here yesterday. Cudahy now is Vice President of the Cudahy Packing company, of which his father is President. His fiancee is Miss Margaret Carry, daughter of Edward F. Carry, who was one of the principal aids to E. N. Hurley, of the United States Shipping board, during the war.

STEAMERS COLLIDE.

Halifax, N. S., Dec. 11.—Messages from the British steamer Carmania, which collided with the steamer Maryland, about 500 miles off this port yesterday, indicated that she would make port under her own steam some time tomorrow. The Carmania which has a large number of passengers aboard, reported that her damage was above the waterline and that she was in no danger. The Maryland proceeded on her cource from Baltimore to London.

USE GAS FOR COOKING ONLY.

Ashtabula, Oct. 11.—An order prohibiting the use of natural gas for heating purposes was issued today by F. W. Steene, manager of the Ashtabula Gas company, who said the situation had become so acute that drastic steps are necessary to save even a small pressure, for cooking purposes. He said he issued his order under authority of the public utilities commission of Ohio and that the order will be enforced.

BANDITS BODIES CLAIMED.

Ashtabula, Dec. 11.—The police department at Monsessen, Pennsylvania, their home, claimed the bodies of Joe Veneshevki and Steve Andreas, the two bandits shot by sheriff R. C. Eldred and his deputies when they were attempting to loot the Orwell bank early Tuesday morning. The bodies will be shipped from Orwell to Monessen tonight.

REFORMATORY HOUSES 1642.

Mansfield, Dec. 11.—Population of the Ohio State Reformatory reached a new high mark yesterday, when there were 1,642 inmates confined here

OHIO GRANGE MAY PICK CLEVELAND FOR 1920 MEETING

Governor Cox Given Warm Reception When He Urged Deportation of Undesirable Alien Radicals.

Columbus, December 11.—With reports from various committees, including the taxation committee which has under consideration the income tax bill before the legislature, and measures designed to catch tax dodgers, scheduled to be made today, the Ohio State Grange will bring to a close its three days' convention.

Cleveland is expected to be picked for the 1920 meeting of the grange.

An address by Governor Cox, preceeded the conferring of the sixth degree upon a class of 814 candidates at the meeting last night at Memorial hall.

The governor received tumultous applause when he declared in favor of the deportation of "mischevious spirits of the nation who seek to undermine the institutions inherited from the fathers who builded the republic."

"When the sky line off Fire Island fades for some thousands of undesirables, we will have the tranquility of a country duckpond in this country," said the governor.

The governor urged the grange to use its influence to enlarge the functions of the state bureau of markets in order to bring the producers closer to the consumers.

Speaking of the movement in grange circles about the placing on the tax duplicate of intangible property, the governor called attention to the fact that he sought to accomplish this result a few years ago through the Warnes law but that it did not meet with favor among the country people.

The governor said it was a hopeful sign that so many young men were coming into the grange. "It means more of the boys have remained on the farm and this is a good thing for the world," he said.

PAPER PRINTS EDITION WITHOUT DISPLAY ADS

Pittsburgh, Pa., Dec. 11.—The Pittsburgh Post, a morning Democratic daily, appeared yesterday with not a single display advertisement. The shortage of news-print paper was the cause an announcement stated.

There were less than two pages of classified advertisements in the issue, ordinarily a twenty-page newspaper, and for the last several days even larger, because of the great rush of Christmas advertising.

The editon comprised only 12 pages. Every department was reduced to the minimum.

BILLY DANSEY'S DOG LEADS TO ARRESTS

Hammonton, N. J., Dec. 11.—Charles S. White, a dahlia grower, and Mrs. Edith L. Jones, his father's housekeeper, arrested on suspicion of being implicated in the mysterious death of "Billy" Dansey, today demanded a speedy trial. Their counsel threatened habeas corpus proceedings.

The actions of the three-year-old boy's fox terrier led to the arrest of White and Mrs. Jones. This was revealed today by James P. Wilson, chief county detective, in the first disclosure made by the authorities to explain the arrest.

SUPREME COURT TURNS DOWN BURKMAN APPEAL

Washington, Dec. 11.—The supreme court today declined to interfere in the deportation proceedings against Alexander Berkman, anarchist, but granted a stay of one week in the case of Emma Goldman.

WHAT IS THE BOY SCOUT MOVEMENT?

It's a Live Organization For Live American Boys Designed to Direct Their Natural Energy and Enthusiasm Along Right Channels—It's a Builder of Character.

The Boy Scout is taught courtesy, honor, humanity, kindliness, chivalry and service, and to exercise them at home, in school and outside, and such practical activities as first-aid, life-saving, camp cooking, swimming, etc.

The Boy Scout must do a "good turn" daily.

The only membership cost is an annual registration fee of twenty-five cents. The Boy Scout is taught thrift. He must earn the money for his own scout expenses.

City officials often co-operate with scout leaders, permitting the scouts to enjoy, as they do, the privileges of assisting in honorable, safe ways in connection with big demonstrations. On such occasions scouts are responsible lads, while other boys, in striking contrast, just "hang around," getting in the way if not actually into mischief. It becomes a first step in practical civics.

The vast majority of Americans now understand pretty well how practical and how beneficial is the Boy Scout movement as an influence in the lives of boys, and they applaud it in unison. They should not forget that the movement is what it is as a builder of character—as a builder of good citizens—because of the magnificent service of men who are giving their time to the movement as volunteer leaders.

And every patriotic man who thinks about this remarkable movement should think of it also—indeed, he should think of it primarily—as a splendid and easy opportunity for him to do his part toward improving the characters of the men of tomorrow, the men in whose hands will rest the fate of this nation and its ideals.

Any boy, of any nationality, of any creed, twelve years of age or older, may become a Boy Scout if he promises to keep the scout oath and law and prepares himself for simple tests on the composition of history of the American flag and the significance of the scout badge and can make several cordage knots.

The Boy Scout movement is in no sense a secret organization.

The plan is to group a number of boys (not more than 32 in any one troop, as they are designated) under the leadership of a scoutmaster—a carefully selected, clean, intelligent, boy-loving, volunteer leader—always a man of sterling character and mature judgement. Each troop and scoutmaster are under the supervision of a troop committee of responsible citizens, usually officials of the church, synagogue, school, settlement house, asylum or playground with which the troop is connected.

Through such leadership the boys of the troops are kept interested in a program of play-activities that are healthful, inspiring and educational. They take long tramps, studying woodcraft, and learn how to live out of themselves in the open. They have troop meetings each week for study, handicraft, experiments, demonstrations, etc., and go into camp every summer under trained directors.

In a hundred ways the boy's time is occupied. The scout program is so varied and so fascinating to the boy that he simply hasn't time or opportunity to trail with an idle gang or to drift into the evils that beset the path of the idle boy.

ARMY GOODS READY FOR OPENING FRIDAY 9 P. M.

The goods in the army store in the Fihlen & Cunningham room in West Main street have all been arranged ready for the opening which will take place at 9 o'clock tomorrow morning.

Mayor Atherton will act as the cashier and he will have ten clerks to assist him. It is expected that all of the goods will be disposed of in a couple of days and perhaps by tomorrow.

The mayor stated this morning that he was disappointed in not receiving the Libby-McNeal brand of corn beef which he ordered and instead a larger can was sent for which the sum of 35 cents will have to be charged. It is the same size can which sold at 86c during a previous sale. The smaller can would have sold at 23 cents.

The sale tomorrow will include mostly canned goods although there will be ten, cinamon and farina. The mayor has not yet received word as to whether the two other cars promised him will be shipped at once or at a later date. The officials in charge of the army store at Columbus informed the Advocate that the stock of army goods was running low and that it would be impossible to ship the goods for some time, if at all.

COMMITTEE

(Continued From Page 1)

at least four hours a week schooling in night school until they are able to pass tests in English, civics and history equivalent to tests given sixth grade pupils in the public schools.

As it passed the house yesterday, the motor vehicle tax bill makes the secretary of state the chief administration officer instead of county auditors. Schedules in the bill are $8, $10 and $20 based upon horsepower of the machine with an additional tax on trucks of 20 cents per 100 pounds of weight of truck and carrying capacity. County commissioners and municipalities will get 50 per cent of the incomes from the law for use in maintenance of streets and

LEADS U. S. FORCE READY TO ACT IN PROTOCOL CRISIS

Maj. Gen. Henry C. Allen.

Maj. Gen. Henry C. Allen is in charge of the 12,000 American soldiers in occupied Germany, with headquarters at Coblenz. He is ready to lead his men farther into Germany if the Germans fail to sign the allied protocol to the peace treaty.

SUES CITY FOR $6000; AUTO HITS DITCH

The city is made defendant in a damage suit for $6,025 in a petition filed in common pleas court by Attorney Phil R. Smythe for his client, Alfred Kincaid. The petition alleges that the city was negligent and careless in leaving an unprotected open ditch on West Church street between Ninth and Tenth streets, and that on October 29 last Kincaid was driving west in that street in his automobile and did not see the ditch and as a consequence the left front wheel of the auto dropped into the ditch. At the same time, the petition says, a street car came along and struck the machine and wrecked it so that it is only fit for junk. Kincaid says Kincaid says he suffered injuries causing him to expend the sum of $35. He says he was otherwise injured in the sum of $5,000 or a total of $6,035 for which amount he asks a judgment of the court.

SAYS RAIL BILL WILL BOOST LIVING COSTS

Washington, Dec. 11.—Living costs would be increased by enactment of the Cummins railroad bill because of the inevitable advance in freight rates it would entail, the senate was told today by Senator Lafollette, Republican, Wisconsin, in opening the third day of his attack on the measure.

The increase in rates which this bill provides for will increase the cost of living at the time when the whole country is demanding speedy and material reduction in prices," Senator Lafollette said. "If prices are not put down quickly the suffering that will come soon to the people will have no parallel in history. We have reached the limit and we must realize that back of all is the spectre of the industrial unrest."

The law of gravitation seems to be still working, even in Wall street.—Indianapolis News.

OHIO CITIES WELL SHOWS OIL EARLY

Drill Not Yet Through Sand But Hole Already Is Filling With Oil—Other Oil News.

The Ohio Cities Gas company were at feet in the sand at Beaver 46 in Kicking township, Wednesday evening. The well at that depth showed about 300 feet of oil in the hole. There is about 20 feet more of sand.

EXPECT GOOD YIELD.

Security in oil officials yesterday announced that drilling will begin at once on the 40-acres owned by the company in Wichita County, Texas. It will be a deep test well. Frank R. Wilson of the company said yesterday: "The adjoining property to our lease has four shallow wells producing, acording to a sworn statement, from $500 to $1000 per month net. Geologists and expert oil drillers claim that a pool will be struck at 1250 feet."

GATES STOCK HIGHER.

Local holders of Gates oil stock yesterday were elated when it reached 190 bid, as it was issued a month ago at 125. Arrangements are being made to list the stock on the Pittsburgh and Cleveland exchanges.

SHOOT WELL TODAY.

Ralph Brothers are shooting the well on the David Koehensarger farm in Perry county today.

WELL DOWN 1093 FEET.

The Emerald Petroleum company is down about 1000 feet on Thomsen No. 1. The form is located south of Perryton.

NO. 2 WELL DELAYED.

The Guy McDonald No. 2 will not come in before the latter part of the week, and probably not until the first of next week. The well is drilled by the Ohio Fuel company which has two other big wells on the same farm.

LITTLE ACTIVITY NEAR UTICA.

There is little activity in the Utica field at the present. The Ohio Fuel Supply company has the derrick completed on the Gasser farm in Harrison township and expect to begin drilling the middle of next week.

ASK SUPREME COURT TO INTERPRET DRY ACT

Washington, Dec. 11.—Interpretation of the war time prohibition act to determine whether the manufacture of all beers, or only those that are intoxicating are prohibited by that act, was asked of the supreme court today in arguments on government appeals from federal court decrees dismissing indictments against the Home Brewing company in New Orleans and the Standard Brewery of Baltimore. Both companies have manufactured beer containing 2.75 per cent of alcohol and have contended that such beer was not intoxicating.

Because of the conflicting decisions in the federal courts in New York, St. Louis and elsewhere the arguments today attracted widespread interest. Owing to the similarity of these cases and those heard November 20, in which was involved the constitutionality of both the wartime act and the prohibition enforcement law, Attorneys interested in the proceedings expected the court to decide all the appeals at one time and before the Christmas recess.

Colds Cause Headaches and Pains

Feverish Headaches and Body Pains caused from a cold are soon relieved by taking LAXATIVE BROMO QUININE Tablets. There is only one "Bromo Quinine." E. W. GROVE'S signature on the box. 30c.—Adv.

ASKS DAMAGES FOR FALSE ACCUSATION

Charging that Warner M. Smart assured a search warrant in police court and searched his home and premises for a dog which the affidavit stated Lawyer wrongfully had stolen and had concealed, Sturl O. Lawyer through his attorney, Link C. Russell, has filed a damage suit against Smart in the sum of $5,000. The petition filed in the clerk's court alleges the above facts.

G. O. P. LEADERS TALK OVER ORGANIZATION

Washington, Dec. 11.—Organization and co-ordination methods for the coming campaign were discussed today at a meeting here of the national association of Republican state chairmen. Will H. Hays, the party's national chairman and other officials of the national organization participated in the consideration of measures to insure harmony among the various state organizations.

Every state was represented each of the chairmen who could not attend, sending some one to act in his place.

The house held a night session last evening in which it defeated the Bliss bill which increased salaries of supreme court judges from $8500 to $10,000, the chief justice from $7500 and 10,500, court of appeal judge from $6500 to $8,000 and fixing the minimum salaries of common pleas judges at $4,000 with a maximum of $9,000.

Before the bill was defeated Representative Kreider, Hocking county, offered an amendment giving the judges a 14 per cent advance, saying they were not entitled to any greater increase than the miners.

Representative Backowski, Cleveland, introduced a bill in the house proposing to increase the salary of the governor from $10,000 to $25,000 and increasing the salary of the lieutenant governor from $1500 to $2500.

State employes, appealing to the legislature for increase in their salaries may have their demands considered by a joint legislative committee. A resolution by Senator Miller, of Muskingum, adopted in the senate, provides for a committee of three from each branch of the assembly to make recommendations relative to salary increases for state employes, university professors and school teachers.

Fifty thousand dollars has been made available to the Ohio national guard for conducting a recruiting campaign by the adoption of both houses of the Jones resolution which provides for the transfer of this money to a special

RED CROSS CHRISTMAS SEALS PLACED ON SALE

Red Cross Christmas seals have been placed on sale in Newark stores the saleswomen being on duty yesterday for the first time. Mrs. George Pickup is in charge of the factory team; Miss Mary Wright is in charge of the team working at the J. J. Carroll store; Mrs. B. P. McDonald is in charge of the team at the Meyer-Lindorf store; Mrs. Charles Allen at The Maxey company's store and Mrs. C. F. Legge at the post office.

WIRE BRIEFS

Mexico City: Mexico senate passes bill restoring bull fighting.

Jersey City: Benny Leonard knocks out Mel Coogan, in second round.

Auburn: Thirty-three passengers were injured when Lehigh Valley train is derailed.

Chicago: John Fitzpatrick, steel workers leader, says strike will continue indefinitely.

Christiana: Norwegian parliament decides not to award Nobel peace prize this year.

Brussels: For the first time in history a Socialist, M. Brunet, is elected president of Belgium chamber.

The fruit of a Brazilian tree, which resembles grapes, grows directly from the bark.

Its natural for the tea or coffee drinker to relish

POSTUM

—for this table beverage has a most satisfying coffee-like flavor, though it leaves none of the harmful after-effects that so often attend tea and coffee drinking.

Economical, too.

Here's a Wonderful Fitter

Some men go for years needing such a simple shoe as a combination last without even knowing that there is such a thing. The variety of Walk-Over shapes provides a perfect fit for everybody. A combination last is simply one made two widths narrower at the heel than at the tread. It fits thin-heeled men like a silk sock; and it's a swagger-looking shoe, too—now isn't it?

Walk-Over

MANNING & WOODWARD'S
WALK-OVER SHOE STORE
WEST SIDE SQUARE

Changes on the Moon.

Though a dead world, evidences of slight changes on the moon are occasionally noted. Recently studying the interior of the great lunar crater Plato, as seen from the observatory of Florence, Mentore Maggini was astonished to find one of the numerous small craterlets buried in a reddish haze, which afterward spread over the whole of the interior of the crater, the main crater, and then disappeared. The appearance was that of vapor, confirming previous observations of supposed clouds of volcanic gas in the same crater.

Man's Actions.

The actions of men are effects; their sentiments, their passions, and their affections are the causes of those effects and we may in many cases form a judgment of the cause from the effect. The behavior of parents toward their children gives sufficient evidence even to those who never had children that the parental affection is common to all mankind. It is easy to observe the general conduct of men what are the natural objects of their esteem, their love, their approbation, their resentment and of all their original dispositions.—Thomas Reid.

Open Hearts Keep Young.

The mind acts upon the body, and keeps it young. Those who grumble at everything, who nurse resentments, and who let their troubles sour them, look, and actually grow, old, sooner than the contented and kindly. It is a very beautiful thing to see those who have met many storms in life, but who have turned their troubles into sympathy, and kept an open heart for all about them. And even when the hair turns grey, and the first youth passes, they possess that boon to themselves and those whose life touches theirs—a young mind.

The Amateur Speculator.

Another pathetic little feature of everyday life is the way every fool amateur speculator thinks for a time that he's a conservative investor.—Ohio State Journal.

American prices are now almost as high as American liberals.—Brooklyn Eagle.

The operation shows how—ringing from blue water to basket while another batch of clothes is tumbling in the A-B-C. Incomplicated only such a washing machine as equipped with the Famous Thor motor. If more, the Thor-Thor washer can render 100% service without it.

A-B-C
Super Electric
America's Leading Washing Machine

A-B-C is more than the name of a washer.

—it represents a SERVICE to housewives that means washing and wringing done quickly and with ease, making washday a real pleasure.

—it is the symbol of systematized modern home laundry methods.

—it stands for simplicity in a high-grade electric washer. (A child can operate the A-B-C Super Electric.)

—it indicates its maker, Altorfer Bros. Company, who were pioneer washing machine manufacturers, and now rank the world's largest exclusive makers of electric and power washers.

To possess an A-B-C Super Electric Washer is *economy*—"putting off" buying is a positive *extravagance.*

We will gladly demonstrate this remarkable washer in your own home, without charge, and arrange easy terms of payment. Try it at home and see how well it will please you.

NEWS IN THE WANT COLUMNS FOR YOU TONIGHT

MASONS PREDICT EARLY SUCCESS

Believe Campaign To Sell Stock In Temple Company Will Be Concluded Quickly.

Much enthusiasm was shown in the meeting last evening of Masons for the sale of the Temple bonds to the members of the order in Newark. One hundred and fifty active members of the order participated in the meeting and the talks made and the interest manifested indicates that the movement will go through with a rush. The campaign for the sale of the stock began last evening and will continue for the next week, and every member of the order in the city will be seen and given an opportunity to purchase stock.

F. L. Beggs, chairman of the Temple company, presided over the meeting. Short but stirring talks were made by Mr. Beggs, H. F. Minnich, Prosecuting Attorney C. L. Flory, C. W. Kent, Superintendent J. J. Barnes, J. A. Young and others. W. Windle and others.

Superintendent Barnes asked the privilege of making the first subscription to the bonds in the name of his father, Stewart Barnes, who, with T. M. Jones of this city, is one of the oldest members of Warren Chapter, R. A. M., and whose membership in the lodge belongs to Asacia lodge at Wilkins Corners.

The division leaders and team captains are on their mettle and will, with their teams, do active work in the campaign. Next Wednesday night the workers will meet for a smoker and a report on the success of their work.

Dividends from the stock will pay Blue Lodge dues and will also provide an insurance fund at death, for the purchase of the bonds is simply an investment which will bring in four per cent interest that is non-taxable, thus practically making it a five and one-half per cent investment at least. If any Mason is overlooked by the campaigners, and this is not considered likely, he will be asked to report to P. M. E. Windle or any other of any of the bodies and make his purchase.

WILL DISCUSS WAR RISK INSURANCE HERE

Newark war veterans will have an opportunity tonight to get first hand information regarding war risk insurance when Harry W. Cheadle, field representative of the war risk bureau will be present at a meeting of Newark post, American legion.

"Every ex-service man should attend this meeting," said Secretary Wilson, of the American Legion this morning. "The Legion is anxious that every man who was in the service, shall understand that these matters are for him and that he is free to attend them without a special invitation."

The meeting will be held in G. A. R. hall.

TOBACCO HABIT DANGEROUS

says Doctor Connor, formerly of Johns Hopkins hospital. Everyone who is suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicoid tablets; take them as directed and lo, the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of alcoline poisoning; don't avoid it. In the meantime try Nicotel tablets; you will be surprised at the result.—Adv.

TAKE Nitelets Quinine TO-NIGHT FEEL FINE IN THE MORNING

Sold and recommended by Evans' Drug Store, Inc., Doug Store, West End Pharmacy, R. L. Williams and C. W. Redman & Co.

THIS WILL ASTONISH NEWARK PEOPLE

The quick action of simple witch-hazel, Bayrum, Glycerine, etc., as mixed in Lavoptik eye wash, will surprise Newark people. One girl with weak, strained eyes was helped by a single application. Her mother could hardly see out of her eyes. Aluminite pains. In one week she too was benefited. Try a 25c package bottle of Lavoptik to help ANY CASE weak, strained or inflamed eyes. Aluminite eye cup FREE. R. F. Collins, druggist.

NOTICE TO TAXPAYERS

Tax receipts are ready for collection. There is a large number of personal receipts remaining unpaid for former years; persons having such taxes unpaid will do the county a very great favor by calling at the Treasurer, by calling for same when paying taxes this collection.

While every effort will be made to accommodate parties paying taxes, taxpayers are urgently requested to call early and pay their taxes, and thus save themselves and the Treasurer much time and trouble, and prevent possible rush at the close of the season.

D. V. WEAKLEY,
County Treasurer.

Our Boys and Girls

According to the belief of most children, a belief that we elder ones also held in our childhood days, Christmas is especially set apart as a day when the parents can give them presents. But though they are usually more interested in what they will receive than in what they will give, yet each one, as a general rule, wants to bestow upon those he loves a few presents of his own making. These gifts, even though not expensive, if they be pretty and neatly made, prove pleasant surprises to the recipients.

The making of gifts that are really pretty is not, however, easily done. Numberless presents can be made from paper, satins, ribbons, cardboard, tacks and boards, but one must admit that ingenuity in arranging these properties to counts for more than the mere selection of materials.

These can be put together in such a clumsy and careless manner that they will have absolutely no pleasing quality, and then again, if proper care is taken in their arrangement they will form an article that is genuinely artistic. So almost entirely upon the ingenuity of the child, upon its cleverness in putting things together nearly, will depend the effectiveness of Christmas gifts.

Everyday Etiquette

"What is the proper thing for a woman to do when learning of death in a family where only calling acquaintance is kept up?" asked Mrs. White.

"In such a case one calls immediately to leave her cards for the various members of the bereaved family," was the answer from an older friend.

Milady's Boudoir

To keep hair light, try this shampoo. Shave two ounces of white castile soap into one quart of clear, soft water. Place over a slow fire, and stir until soap is all dissolved, then add a teaspoonful of common baking soda. After the preparation cools, rub it thoroughly into the scalp and hair.

Rinse the hair, then apply more soap and again rinse the hair very thoroughly. Water for the first rinsing should be rather warm. Try to dry the hair quickly. Brush the hair and massage the scalp while the hair is drying, and the hair will come out soft and glossy.

Between the shampoos use this tonic, rubbing it well into the hair and scalp. It is made as follows: Three and a half ounces of listerine, twelve drams of tincture of cantharides, one quarter of an ounce of tincture of catharides.

It has been said that if one uses an egg shampoo it is sure to keep the hair free from dandruff. To make it rub the yolk of one egg, one pint of hot rain or soft water, one ounce of rosemary. Beat the mixture well together and use it warm, rubbing it well into the scalp and over through the hair. Rinse the hair in several waters, the last being quite cool, and sit in the sun until it is well dried.

For brunettes who are troubled with falling hair, the following remedy is very good and will have a tendency to keep the hair dark. Put in an iron pot, that can be closely covered, four ounces of green tea and four ounces of garden sage, pour over three quarts of boiling water. Simmer until reduced one-third and then take off the fire and let stand twenty-four hours. Then strain and bottle.

FALLS WITH TUB OF WATER; LEG IS BROKEN

Mrs. Lee Hoskinson of Hebron suffered a fracture of the left leg Wednesday. While carrying a tub of water from the house she slipped and fell to the ground. She was brought to this city in the Clunis ambulance and taken to the office of Dr. Bickel for an X-ray, and returned to her home.

W. W. DAVIS HAS ACUTE APPENDICITIS

The condition of William W. Davis, of the Licking Creamery company, and president of the Chamber of Commerce was slightly improved this morning. Mr. Davis was seized with a sudden attack of acute appendicitis, Wednesday morning, and it was thought that an operation would be necessary, but his condition showed a slight improvement and the operation may not be necessary.

A.M. BOTTLE FIVE LEADS LEAGUE

Wins From Holophane, Making ictory and Keeping Record Perfect — Wehrles Win.

League Standing.

Team.	Won.	Lost.	Pct.
American Bottle Co....	3	0	1000
Ball and Co.....	3	0	1000
Hickey	2	1	.667
Wehrle	2	1	.667
American Motor	1	1	.500
Burke Golf	1	2	.333
Holophane	0	3	.000
Midland	0	3	.000

Next Week's Games.

Tuesday: Burke Golf vs. Holophane; American Motor vs. Wehrle.

Wednesday: Ball and O. vs. Burke Golf; Midland vs. American Bottle.

The American Bottle Co. team by virtue of its win last night goes into first place in the industrial league and gets a tighter grip on the H. W. Kennis trophy cup. Kuster and Cada led the bottle makers in locating the basket while Kercher and Barry tied for honors on the Holophane squad. Final result, American Bottle, 37; Holophane, 7.

American Bottle.	Holophane.
Cada, lf.....	Porter, lf.
Kuster, Huffman, c	Kercher, Barry r.f.
Huffman, Callahan, c..	Hagestrand, c.
Myers, Mossman, Schlatter, lg....	Wilson, Barry r.f.
Palmer, Mossman, Schlatter, rg....	Eckert, lg.
Field goals: Kuster 7, Cada 6, Huffman 5, Kercher 1, Barry 1. Goals from foul: Kuster 1, Kercher 1, Barry 2.	

The second game of the evening started out with a rush and kept up the pace throughout the game so that it made the first game appear like the earlier players were standing still. This second contest was the hottest yet played in the Industrial league. The outstanding feature of the game was the defensive work of the Burke Golf squad. Nould, the Wehrle crack forward, was held to one field goal, but three free fouls in succession, Keck started off scoring for the golf men, and then Deering's attempt to run home with the ball gave Wehrles their first chance to tally. At the end of the first half the score stood Wehrle 5, Burke Golf 4. Up until the last 40 seconds of play the golfers had the lead of one point, the score being 7 to 6. In a few more seconds Jim McCarty slipped down the floor with not a man within 10 feet of him, a quick pass, a little lift, and Jim had caged the ball for two more points that won the game. In the few seconds that remained the golfers were unable to get the spinero down toward their goal and the game ended Wehrle 8, Burke Golf 7.

Wehrle.	Burke Golf.
Nould, lf.....	C. Keck, lf.
Haynes, r.f.....	E. Keck, r.f.
McCarthy, c.....	Young, c.
Baird, Lay.....	Deering, lg.
Lanagin, Mayer, rg....	F. Keck, rg.

Field goals: Nould 3, McCarthy 1, C. Keck 2, E. Keck 1. Goals from foul: Nould 4, F. Keck 1.

Referee: Millner; timer: Emmons; scorer, Grieser. Time of halves: 15 minutes.

STRING QUARTET PLEASES AUDIENCE AT HIGH SCHOOL

The Tschaikowsky quartet of stringed instruments with a vocal soloist, gave the fourth number of the high school entertainment course at the high school auditorium last night. The house was well-filled and the entertainment met with applause by their efforts. The next entertainment is a lecture by Dr. Frank Bohn, who has just returned from an important government mission in Europe. His address on January 23 will deal with European conditions.

STRING QUARTET PLEASES AUDIENCE AT HIGH SCHOOL

The Tschaikowsky quartet of stringed instruments with a vocal soloist, gave the fourth number of the high school entertainment course at the high school auditorium last night. The house was well filled and the entertainment won much applause by their efforts. The next entertainment is a lecture by Dr. Frank Bohn, who has just returned from an important government mission in Europe. His address on January 23 will deal with European conditions.

MEXICO.

Semi-civilized governments have always acted very promptly when the British government and other European powers demanded protection for their citizens. But American rights have not been so well defended. When the security of American rights was asked, they would hum and haw and argue. Consequently the "gringoes" have not been much respected in countries like Mexico.

The United States does not want to get into war with Mexico. It feels some sinister hand under the surface pulling strings to embroil this country. It can see how it would be for the interest of Germany, for instance, to have this nation fully engaged on this side of the water in a long drawn out conflict.

The United States has to deal with a nominal government in Mexico City that is proud, stubborn, unfriendly and unable to enforce its will over the country it pretends to rule. Outlawry is going from bad to worse. 'Kidnapping' Americans threatens to become a lucrative business. Every time ransom money is paid to those bandits, it encourages them to carry off some one else.

This country will have to do something more than talk to make itself respected. It must extend to its citizens as good protection as the European nations give their people.

Probably these ends can be accomplished without any general invasion. But smart diplomatic exchanges and severe notes won't do it. Possibly direct negotiations between leading officials of the two governments might secure some better basis of agreement. Some wise advice handed out by the South American countries might show Mexico the folly of her contrary course. But the fundamental difficulty is the weakness of the Mexican national government to maintain law and order. It may become necessary to give assistance to some other group of Mexicans who may undertake to establish settled conditions.

PASSING ON TAXES.

When the legislature helps enact a law assessing a good stiff tax on rich men, he has a virtuous sense of having accomplished an act of stern and deserved justice.

The representative of a leading business house let the cat out of the bag in testifying before the Massachusetts Commission on the Necessaries of Life on the reason for high cost of clothing. "Practically every manufacturer," he said, "had felt he must make the same net profit as before the federal excess profit taxes were imposed. Consequently he had added to the price of his product a sufficient amount to meet the taxes."

So as the tax actually works out, according to this authority, the people themselves are paying it, and adding to their own cost of living every day it stays in effect. President Wilson in his message seems to feel that the high income and profit taxes now imposed are not adapted to peace time conditions.

If the production of the world were only up to normal, taxes could not be passed on in this way. With abundant production, and more competition, producers that tried to pass on their taxes would lose their business. It would go to others who were willing to assume the tax burden themselves.

Theoretically the people of wealth could well afford to pay permanently all the taxes that have been assessed against them. But in practice taxes usually fall finally on the people who consume the products. If you tax the producer, he adds the tax to his product, and the common people pay the price. People who rent houses know how it works, as no sooner are taxes increased than rents go up. The man who owns no visible property has as much interest as anyone in keeping taxes down. Economy and more production are the only solutions of existing economic troubles.

The Advocate's MELTING POT

The great secret of life is never to be in the way of others.—Halliburton.

Oh Set!

The butter has such a bouquet,
And the cereal tastes just like hel;
It sure does not please
Me to breakfast on these,
But I must till they increase my pet.

She Meant All Right.

Aunt Ca'line says:—Last nite I run over to Obie Still's fer a while as Obie's wife is lade up with the rumatiz. I kinda stratened things up a mite an' then I put little Hadda B. to bed. She's a turrible nice child an' when I tucked her in bed she says, "I'll say my prayers first, Aunt Ca'line, an' then I'll thank you" says she. An' she done so. Then says she, "I pray every day, Aunt Ca'line, an' onct when it raned offle hard I prayed fer it to quit an' it done so," says she. So says I, "Why don't you ast the Lord to make your Maw's rumatiz better?" I says. "You mite pray fer tomorrow to be warmer an' that would help it," says I. An' says she, "I'll do that, Aunt Ca'line she says. An' says she, "Please, Lord, make it hot fer Maw," she says.

Aunt Ca'line

Ain't Nature Wonderful!

It is one of the inexplicable mysteries that women who are very short and very stout should have such an irrepressible taste for hats trimmed with a profusion of feathers.

Did You Know

That the lowest order of society in Japan is known as the Eta? It is composed of butchers, tanners and scavengers and they are compelled to live in a separate community. Buddhists have an abhorrence for the shedding of blood and this class distinction is attributed to that by some authorities, those who gained their living from the slaughter of animals having been ostracized in olden times, their descendants still bear the stigma. By others it is thought that the Eta are the descendants of those members of the army of Kublai Klan who were captured when they attempted to conquer Japan.

Among the Literati.

He is a man of letters,
I know this must be true;
For struggling Author Tetters
Gave me his I. O. U.
—Luke McLuke.

He is a man of letters,
Of course I know it's true,
When bill collectors want him
He beats it P. D. Q.
—Hastings (Neb.) Tribune.

He is a man of letters,
Undoubtedly, I guess;
For he's bound by the fetters
That go with M—r—s.

Of Small Moment.

An aviator has been arrested (under an old Pennsylvania blue law) for flying on Sunday. Angels wouldn't be considered respectable in Pennsylvania.—Cleveland Plain Dealer.

It probably won't make much difference to the angels, though, as we do not suppose any of them want to go to Pennsylvania anyway.

Sore.

Food prices soar, we all complain
That everything is high;
But prices are, I do maintain,
Not half as sore as I.
—Newark Advocate.

By things like this I am not fazed,
Nor sore, nor think I'm lost,
Because I've had my wages raised
To meet the living cost.
Go thou and do likewise my son,
Just tell the boss you're thru',
That with him you're forever done
Unless he raises you.

There's just two things he'll do, no doubt,
Without a moment's loss,
He'll either straight way kick you out
Or he will come across.
So start right in to make the deal,
Don't grin and hold your breath.
You've got to win right off the reel
Or else you'll starve to death.
—I.G.

Married Strangers

A powerful story dealing with a problem being worked out in thousands of American homes to-day—that of the husband and wife who find they grew apart while the man was off to war.

By FRANCES DUVALL.

Copyright, 1919, by The Wheeler Syndicate, Inc.

XXII.—The Indifferent Course.

After that first day at home, both Keitha and Bennett avoided further reference to their matrimonial status. Bennett had flung himself whole-heartedly into his work. He rose early with army punctuality and whistled lustily through his bath. Keitha would stop her ears with her pillow, but she found sleep impossible and in the end abandoned all effort. It cost something to forego the luxury of an additional hour but Keitha had determined to play the game as squarely as she could.

Breakfast was literally two meals, since her own taste was opposed in every respect to her husbands. After breakfast they would drive for a half hour in the new motor car that Bennett had purchased, and then part for the day. They never lunched together and little by little, Bennett began to stay away during the evening. He had frequent dinners with business men and on holidays he golfed and played tennis at the country club. Keitha was not fond of athletics, but she accompanied him to the club and lounged on the veranda until he was tired of his games.

They were very formal in their attitude to each other and painstakingly polite. He never attempted to make love to her after the last rebuff on their first day at home and though she was relieved in a way, something deep down in Keitha resented his open indifference.

She threw herself more and more into her work, but somehow she found it lacking in solace. The deep live interest that she had always taken in it had mysteriously departed. It was becoming a grind and she resented the nerve force which it demanded of her and the weariness at the end of the day. Most of all, she felt Bennett's lack of sympathy, and therefore, she held herself proudly aloof from any interest in his work.

And because they had no common interest in the basic principles of their life together, they drifted into a state of formality verging of mere acquaintanceship. Keitha was not sure whether she regretted the widening rift between them or not. At least, she made no effort to mend matters and Bennett seemed quite cheerfully content with the status quo.

He was very popular. Everyone liked him; men regarded him as the best fellow in the world, and women adored him. Keitha watched one after another of the debutante set flirting with him, but she said nothing.

It was Cecelia Fairchild who finally had the courage to broach the subject of her matrimonial failure to Keitha.

Coming out of the office one afternoon, Keitha found Cecelia's smart little electric parked at the curb and Cecelia herself in the most swagger of frocks, sitting demurely behind the wheel.

"You wretched old darling," she greeted Keitha, swinging open the door invitingly. "I just decided to run down and kidnap you. You've dropped everybody completely, but you can't get rid of me."

"I've been dreadfully busy," protested Keitha, as she sank with a sigh into the cushioned seat. "When I'm not working, I'm generally at the Country Club—Lester is fond of it. It's about the only taste we share," she added bitterly.

Cecelia gave her a swift sidelong glance.

"I suppose you know you're treating that poor boy like a dog," she said. "What do you want to keep your silly old job for? Why don't you stay home and be married like me?"

Keitha laughed and gave her an indulgent pat.

"Much you stay home with this electric your husband gave you! I've seen you trundling up and down the avenue almost every evening."

"And you never hailed me!" Cecelia's voice was filled with reproach. "You've always had one or two people in with you already and besides I look like a frump after a hard day's work."

"You're making a mistake, honey," said Cecelia softly. "You're taking a chance on losing a mighty attractive man. Have you noticed how often he and Made Fairoll are together?"

Tomorrow.—Cecelia Takes a Hand.
(Copyright, 1919, By the Wheeler Syndicate, Inc.)

A MISTAKE SOME DOCTORS MAKE.

(Ohio State Journal.)

Some rather sad stories are heard of well-meaning physicians who are getting into trouble under the narcotic drug act. The wretched professionals who seek to make money out of the forbidden traffic in drugs merit nothing but scorn and punishment, but there is frequent evidence of doctors of another sort who occasionally break the law merely because their humane instincts are stirred by the fearful plight of some shattered wreck of humanity who pleads as only victims of this terrible habit can plead for temporary release from the horrors that beset him. Doctors are human and sometimes they take the chance. They certainly make a great mistake in doing so. They place in jeopardy their whole future and their opportunity for the best usefulness, for character and public confidence must be at the bottom of a doctor's highest success. It is far better to le the poor shattered wreck plead in vain, especially since the relief afforded would be pitifully temporary and futile, than to take, even from the best and kindest of motives, the other illegal and dangerous course.

The sides of a new vacum washer laundry purposes are corrugated so it can be used as a washboard.

Pointed Observations

Mexico is desperately in need of a spanking, but Uncle Sam is very busy just now.—Charleston News and Courier.

Recent statistics show that money is more plentiful than ever before. How ignorant we would be if it weren't for the statuscians!—Atlanta Constitution.

The coal operators accuse Billy McAdoo of the crime of playing politics because he discloses their profits. Give us some more of the brand of politics! —Washington Post.

The sugar interests in Cuba have increased their profits only about 600 per cent this year. Evidently there is something wrong with the management.—Rochester Herald.

Americanism is not a thing, it is a way Americans live. Bolshevism is a thing; Socialism is a thing. But nowhere has Bolshevism or Socialism been successfully lived.—The Review.

Little interest was shown in Paris at the signing of the treaty of peace with Bulgaria, yet it is a forward step on the long road to peace. After Bulgaria, Hungary.—Springfield Republican.

On a pair of shoes costing $15 the cost of labor was 98 cents, according to a Toronto investigation. However, prices will be high so long as the public swallow the excuses given.—Baltimore American.

It is said that more Russian "reds" are slipping into this country than the Government is sending out of it. And the statement would still be true if only half a dozen had slipped in.—Kansas City Journal.

"Up In Mabel's Room."

Naughty, spicy, brilliant, funny, swift, and daring are a few of the adjectives that have been bestowed on [illegible] and Boston. "Up In Mabel's Room" furnished the laughing matter for New York playgoers for the greater part of last season and promises to sweep the country with the same hurricane of fun

SCENE FROM "UP IN MABEL'S ROOM," AT THE AUDITORIUM TODAY

"Up In Mabel's Room," the celebrated New York success which A. H. Woods will present at the Auditorium tonight for an engagement of one night only, direct from a year's run in New York that nearly blew metropolitan playgoers out of their seats. If you want to see how a woman can annoy a man she likes and how much damage can be done by the daintiest, fluffiest, pinkest chemise, see "Up In Mabel's Room" and sympathize with poor Garry while he suffers torments under Mabel's bed. "Up In Mabel's Room" will bring tickles to your throat, tingles to your blood and the most exquisite assortment of lovely ladies and lovely gowns to your eyes that man, woman or child could wish for or be jealous of. Every member of the cast is a Broadway favorite. Seats selling.

Richard Carl in "Sunshine."

Musical comedies are never successful unless the chorus is up to a high standard for, in spite of the fact that the girls seldom speak lines, they are a most necessary and valuable adjunct to the success of the show. Richard Carle in engaging his chorus for "Sunshine," which comes from the pen of that prolific writer, Alexander Johnstone, has departed from the usual idea of the chorus and has given each and every girl quite a "bit" to do in addition to their singing and dancing. The result is that the girls of the "Sunshine" company are ever ready to attend rehearsals and perfect themselves in the art of reading and acting so that they may some day gain for themselves prominent parts. The chorus of "Sunshine" can truly be said to be one of special merit. They are pretty, graceful, personable and, above all, have voices that are worth while. From their gleaming white teeth and their moderation in the matter of rouge to the ease and assurance with which they wear smart modish costumes that are bountifully supplied, they radiate superiority in the matter of class. Mr. Carle and his big company have recently concluded a successful run of three months in Chicago at the Studebaker theater and brings here the entire caste and production intact. Another feature of "Sunshine" is the fact that the company carries a special Symphony Orchestra which materially benefits the beautiful music of Mr. Johnstone. Twenty big song hits have been placed in the score, each and every one being musical gems. "Sunshine" is a musical comedy of the better sort from all reports and should prove itself a splendid attraction. Carle and his clever company come to the Auditorium on next Friday evening. Seats now selling.

"Turn to the Right."

Winchell Smith, master stage-craftsman, must have borne in mind the old dramatic adage "Send your audience home laughing," when he put the finishing touch to "Turn to the Right!" which comes to the Auditorium Saturday afternoon and evening with the original New York-Chicago production for by the simplest of tricks the final curtain of that most successful of comedies is invariably rewarded with a storm of laughter and applause. The scene of the last act is the peach orchard of the Bascom Farm at night. Dear old Mrs. Bascom has just waved good-bye to her son and his young bride who are to motor off to their own little cottage that can be seen on the hilltop away off in the distance. The curtain is about to lower and there is none in the audience whose eyes are not dimmed with tears of joy and sympathy at the happy ending of all the Bascom troubles, when up along the rise of the distant hill, is seen the bridal car—its headlight piercing the gloom of the night. The car stops in front of the tiny cottage. It is too distant to see the young couple descend, but as the car proceeds on its way and the lights of the cottage flash up, there is none in the audience who isn't positive he has actually seen the bride and groom enter their new home. Then the lights are lowered and there is a single flicker in an upper window for a moment until a falling shade brings darkness again and the big curtain descends amid storms of laughter and applause. Seats are now on sale for both performances.

Harry Carey.

Harry Carey in the Universal special "The Gun Fighting Gentlemen" is the Auditorium feature for next Sunday. This is a thrilling western and is seen together with Charlie Chaplin in "Police," a two reel comedy, which is a re-issue, not a new picture.

"My Sweetie."

Among the coming attractions at the Auditorium for the next few days it will be a joy to our patrons to hear of the coming of Max Bloom in an entire new musical revue that gives this favorite comedian full scope for his well known ability of pleasing at the rate of a laugh a minute.

"My Sweetie" is a brand new up-to-the-minute musical comedy on the revue order in 14 scenes, written by John P. Mulgrew and music by Felix G. Rice, composer of "Honeymoon Town." All music especially composed and exclusively used in this production only and include "The Oliver Twist," "Chicken Duet" and "Different Ways of Making Love."

Mr. Bloom this season has the largest and most elaborate costumed company in which he has ever appeared and includes Alice Sher, Myrtle DeLoy and many favorites, including 16 "Sweeties."

"My Sweetie" is a brand new up-to-the-minute musical comedy on the revue order in 14 scenes, written by John P. Mulgrew and music by Felix G. Rice, composer of "Honeymoon Town." All music especially composed and exclusively used in this production only and include "The Oliver Twist," "Chicken Duet" and "Different Ways of Making Love."

Mr. Bloom this season has the largest and most elaborate costumed company in which he has ever appeared and includes Alice Sher, Myrtle DeLoy and many favorites, including 16 "Sweeties."

Beauty Answers

By MADAME MAREE

Squeezing and pinching out blackheads make the pores large and cause irritation—then, too, after they have become hard you cannot get all of them out. Blackheads are caused by accumulations of dust and dirt and secretions from the skin and there is only one safe and sure way and one that never fails to get rid of them—a simple way, too—that is to dissolve them. Just get from any drug store about two ounces of powdered neroxin, 50 cents' worth—sprinkle a little on a hot wet sponge—rub over the blackheads briskly for a few seconds—wash off and you'll be surprised to see that every blackhead has disappeared, and the skin will be left soft and the pores in their natural condition—anyone troubled with these unsightly blemishes should try this simple method.

* * *

ALL OUT—I do not wonder that you are disgusted with the hair tonics commonly sold. Did it ever occur to you that you need a real hair grower instead of a hair tonic? Here is a formula which has a wonderful effect upon the cell-growth of hair, and results can be quickly seen in the sprouting of new hairs, in the vigorous growth and lengthening of hair, and in its added lustre and fluffiness. Here is the formula: To half a pint of bay rum add half a pint of water (or else you may use a full pint of witch-hazel if you wish) and to this add one ounce of beta-quinol, which will cost no more than fifty cents at the drug store.

* * *

Mrs. T. C. G.—Cheer up! You'll be one of the happiest women in the world in a few days. I can promise you that because your dream of a beautiful complexion will surely come true if you do as I say. Thousands have done it; you can do it. It never fails. Stop using all the prepared complexion creams sold in the stores and make your own this way in a few moments. Mix one ounce of zintone, 50 cents' worth, and two tablespoonfuls of glycerine in a pint of water. It's simple and wonderful. Every spot will vanish and leave your skin like that of the fairies you've read about. You can be sure of it.

AMUSEMENTS

(Continued From Page 5)

June Elvidge, comes from Hackensack, N. J., and educated in Brooklyn, N. Y. Before taking to writing he was in business for himself, but gave this up in order to devote all his time to screen work. "Coax Me" will be the attraction at the Gem theater tomorrow.

GRAND.

Kerrigan in a First Run.

J. Warren Kerrigan come to the Grand theater today and tomorrow in "The Joyous Liar," his newest Robert Brunton picture released by Hodkinson. A particularly clever story, combining the elements of comedy, adventure, love interest and situation thrills, was written especially for Mr. Kerrigan. The Hero is a wealthy artist who is arrested for an alleged attempt to steal the heroine's car, resulting from his having in reality saved it from the thieves. The girl's father, Warren, is an amateur criminologist, who, for the sake of studying and reforming them, has had several criminals as his guests.

This is the first run for this picture in the state of Ohio. The added features are "Fun Among Westerners" and Kinograms.

J. WARREN KERRIGAN in "THE JOYOUS LIAR"

ALHAMBRA

Doug Fairbanks.

Manager Fenberg didn't make a mistake when he booked "Doug" Fairbanks in "His Majesty, The American" for record run at his Alhambra theater, for though it was cold, large crowds saw it at all showings yesterday. The last screening will be given this evening and if you want to enjoy heart laughs with many thrills thrown in, then see Fairbank's in "His Majesty, The American."

LYRIC.

The Zarrow Nationals are continuing to draw large audiences at the Lyric. The sketch "Yachting on the High Seas" is an unusually clever collection of fun and music, and the members of the company dance and sing themselves into the good graces of the patrons, in a social way. The same bill continues tonight.

Hereditary color blindness, according to a British authority, is transmitted to children only by mothers and never by fathers.

If a Chinese sailor rescues a drowning man, the rescued person is bound by Chinese law to keep and feed his rescuer for the rest of his life.

Jinx.

Critics sometimes contend that photoplays are not always wholesome mental food for juvenile audiences. Mabel Normand's very latest Goldwyn Picture, "Jinx," which will be presented at the Alhambra theater, tomorrow and Saturday, is a satisfying production from parental standpoint, for it is thoroughly clean and bright, and the funny situations are devoid of vulgarity masking as comedy.

The story situations are grouped about a traveling circus and an orphans' home. Although the little waifs of the picture wear simple checked gingham frocks, thick stockings and shabby buttoned shoes in the orphans' home, it would be interesting for audiences to see these same tots on their way to the studio in the morning. Little Frankie Lee, who has played so many important juvenile roles in big productions, and who carries a leading role in "Jinx," comes to the studio with his mother in his own automobile, wearing quite the smartest thing in the line of sailor suits ever conceived by any tailor! With all his success, Frankie is modest and boyish and lovable. The other well-known juvenile players who appear with Miss Normand are Buddy Messenger, Ed Tiebol, Alice and May Giraci, Pesechos Jackson, Jack Condon and Youra O'Tourk.

His Bridal Night.

Daisy Belmore, the young English actress who has the reputation of coming from a family of one hundred and fifty years of acting, will be seen in Alice Brady's latest Select Picture, "His Bridal Night," which comes on Monday to the Alhambra theater.

Miss Belmore has spent her entire life on the stage, the same as her father, grandfather, great-grandfather and great, great-grandfather did. She played for a number of years with the famous England actor, Wilson Barrett, in England, Australia and America. She will be remembered for her splendid character work in several pictures with William Faversham, with Marguerite Clarke in the Bab stories, and with Billie Burke in "Arms and the Girl."

MARY GARDEN.

Mary Garden will sing at Memorial Hall, Columbus, Friday night, Dec. 19 at $15, assisting artists Fernand Pollain, cellist, and Emil J. Polak, pianist.

This will be undoubtedly the great musical event of the season. Miss Garden is singing the two great arias of the operas which she has made famous in Europe and America. With her will be the equally famous 'Cellist' Fernand Pollain. He will be remembered as being a member of the Quartette comprised of Ysaye, Pugno, Monteux and Pollain. The 'Cello' is so seldom heard that Mons. Pollain will be doubly attractive. Miss Lacy reports that good seats may be had.

Howard Rine made a business trip to Trinway, Thursday.

Mrs. R. A. Rinehart called on Mrs. Howard Rine Thursday afternoon.

Elina Morris was a caller at the home of E. T. Rinehart Friday afternoon.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using the well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any druggist, pour it into a pint bottle and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

OLD MEN AND OLD WOMEN ARE MAKING GOOD

Hundreds of men and women well along in years have taken a most remarkable new lease on life; are up and doing more than their share of work and enjoying it, not asking favors of anyone.

There is no secret about this. Every man and woman past the prime of life can come back strong, look young, and feel young, in a short time, if they will just follow the laws of nature.

Old people THINK they are worn out because of age, and they feel that way. This is all wrong. One of our leading doctors says that looking and feeling old is due to lack of Iron and Phosphates in the blood and nerves. When people are young, they have a good supply. As they grow older and draw on this reserve, they commence to run down unless they are wise enough to recharge their blood and nerves with Phosphated Iron.

Continuing, the doctor said, "Every man and woman along in years can be made strong, keen, healthy and alert, enjoying life's pleasures again if they will simply renew their blood with Iron and Phosphates.

Phosphated Iron makes new, red blood, strengthens the nerves, rebuilds energy, renews endurance and often increases the strength of weak or old people one hundred per cent in 2 weeks' time. Thousands of run-down old people who were ailing all the while have surprised their friends with a most astonishing return of health, strength and vitality simply by taking Phosphated Iron.

Phosphated Iron is put up in capsules, only, don't take inferior pills or tablets. For sale by

Evan's drug store and leading druggists everywhere.

DOCTOR ADVISED CHANGE OF CLIMATE

Run Down and Lungs Hurt—Stayed Home and Gained 22 Pounds.

"In November, 1911, I had a severe cold and la grippe, which left me with a bad cough. My lungs and shoulder blades hurt so I couldn't sleep and I finally had to give up my job and was ordered to change climate. In April, 1912, I began taking Milks Emulsion. On the second bottle I could see a change. My appetite was better and I commenced to gain strength and weight. Now, (August 23, 1912) I have used 23 bottles, have increased 22 pounds in weight and believe I am permanently cured."—W. F. Bourland, Route 5, Wolf City, Texas.

Mr. Bourland was fortunate in commencing to use Milks Emulsion when he did. A run-down system invites disease. Milks Emulsion costs nothing to try.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and $1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Guaranteed by W. A. Erman, T. J. Evans, West End Pharmacy.

WHERE MOLE BEATS MONKEY

Simian Is Comparatively Helpless in the Water, as Are Many of the Land Birds.

Have you ever noticed a gull dropping on the sea—how it spreads its wings high so that the feathers shall not be wetted? If a gull's wing feathers get wet it cannot rise until they dry, says a writer in London Tit-Bits.

Throw a mouse into the water. It can swim a little, but as soon as its fur is soaked down it goes, and drowns. So, too, in the case of a rabbit. As soon as its fur is wet it is done for.

A mole can swim like anything, but a monkey is very helpless in the water. Almost all land birds drown very rapidly if unlucky enough to fall into the water. They strike out with their legs, move round and round in a circle, but cannot get off the water.

Lions and tigers are very good swimmers, and do not share the common cats' hatred for the water. But of all the cat tribe, the South American jaguar is the finest performer in the water. It seems often to plunge in for mere joy of a swim.

A rabbit, as we have said, drowns as soon as its fur is soaked through, yet curiously enough its near relative, the hare, swims quite well, and will often cross a river when hunted.

Bears are good swimmers, even those that usually live far from large sheets of water, and the common rat is no mean performer.

One of the best of animal swimmers is the horse. Horses have been known to swim a river nearly a mile wide simply to get back to their old stables.

Deer, too, can all swim well. There are cases of caribou having swum across lakes ten miles wide when escaping from forest fires.

ALCOHOL GROWS ON TREES

Liquid Declared to Be Plentiful in Blooms Which Flourish in Profusion in India.

Alcohol in these days has attention from governments in diverse ways. England has had a committee studying the possibilities of increasing the production of alcohol to be used in generating power.

The opportunities discussed by the committee are interesting. Of course, potatoes, artichokes and cereals came in for attention. But it seems there are less known sources of alcohol. For example, there is the flower of the mahua tree, which flourishes in Hyderabad and the central part of India. This flower, when sun dried, contains 6 per cent of its weight in fermentable sugar, and apparently is to be gathered by the ton. Then there are the fertile gases of the coke ovens. They are so rich in surprises to the everyday man that it is not very startling to learn they contain ethylene, which by synthetic processes somewhat developed under the stress of war may be converted into ethyl alcohol.

With the coal beds about to produce alcohol, and the trees of India fairly blossoming with it, the man with a motor car may quiet the fears aroused by the scientists' figures which show that we are in sight of the end of petroleum and gasoline. There is nothing like being easy in one's mind.—The Nation's Bulletin.

American Buys Franklin Portrait.

A portrait of Benjamin Franklin, painted in Paris in 1778 by Joseph Sifrede Duplessis, and showing him as the American ambassador whom Parisians of that period knew, has arrived in this country, the property of Michael Friedsam, the New York Evening Post states. Franklin presented the portrait to the Freres Perier, engineers and owners of the Chaillot fire engine, when he left France, and it was from the Perier family that Mr. Friedsam purchased it this year.

The portrait, whose gorgeous frame of the period is carved in the form of a serpent, is said to be typical of the best work of Duplessis, who was made a member of the academy in 1774, and was later appointed conservator of the museum of Versailles. In Versailles is a street called Duplessis, and a statue of him stands in a public square of the city.

Only Live Okapi in Captivity.

The only live okapi in captivity has been brought to Antwerp from the Congo. The okapi is the survivor of a distant ancestor of the giraffe. An adult stands about five feet high, and although it has the general shape of the giraffe, its neck is relatively shorter and its forelegs are not so high in proportion to the hindquarters.

The sides of the animal's head are light fawn color and the general coloration of the body is a dark purple. The most striking characteristic is that the rump, and the upper part of the legs are transversely striped with black and white. It was first known in 1901, having been found in the Semliki forest, haunting low undergrowth and swamps.

Getting On.

"How did that actress ever secure an engagement, I wonder?"

"Why, didn't you read about it? She applied to a manager who refused to listen to her and she shot him. Then she had several offers."

She Refuses to Go Dry.

"I'll say this for the wife."

"What?"

"Nowadays she's the only thing left in the house that still has the same old kick."

REAL "INSIDE" INFORMATION

When Constipated, Bilious, Headachy, Take "Cascarets" for Liver and Bowels—No "Shake Up"

Are you keeping your bowels, liver, and stomach clean, pure, and fresh with Cascarets, or merely whipping them into action every few days with Salts, Cathartic Pills, Oil, or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets gently cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the colon and bowels all the constipated waste matter and poisons so you can straighten up.

Cascarets tonight will make you feel great by morning. They work while you sleep—never gripe, sicken, or cause any inconvenience, they cost so little too. —Adv.

CONCORD.

Miss Marie Carver, who has been spending a short time with her grandparents Mr. and Mrs. D. C. Anderson was called to her home east of St. Louisville, by the illness of her mother. Mrs. Anderson accompanied her home remaining from Tuesday to Friday.

Mrs. A. G. Collins spent Thursday with Mrs. Price Glynn.

Mr. and Mrs. Roe Kasson moved into their new home near Granville last Monday.

Mr. and Mrs. Mouser and Mrs. W. L. W. L. Emerson spent Monday in Newark.

The neighborhood was very much shocked to hear of the sudden death of Milton Forsythe, Saturday morning. The funeral services were held Tuesday morning at the home north of Alexandria.

Alva Hatch spent a part of last week with his parents Mr. and Mrs. Wm. Hatch.

OLD MEN AND OLD WOMEN ARE MAKING GOOD

Hundreds of men and women well along in years have taken a most remarkable new lease on life; are up and doing more than their share of work and enjoying it, not asking favors of anyone.

There is no secret about this. Every man and woman past the prime of life can come back strong, look young, and feel young, in a short time, if they will just follow the laws of nature.

Old people THINK they are worn out because of age, and they feel that way. This is all wrong. One of our leading doctors says that looking and feeling old is due to lack of Iron and Phosphates in the blood and nerves. When people are young, they have a good supply. As they grow older and draw on this reserve, they commence to run down unless they are wise enough to recharge their blood and nerves with Phosphated Iron.

Continuing, the doctor said, "Every man and woman along in years can be made strong, keen, healthy and alert, enjoying life's pleasures again if they will simply renew their blood with Iron and Phosphates.

Phosphated Iron makes new, red blood, strengthens the nerves, rebuilds energy, renews endurance and often increases the strength of weak or old people one hundred per cent in 2 weeks' time. Thousands of run-down old people who were ailing all the while have surprised their friends with a most astonishing return of health, strength and vitality simply by taking Phosphated Iron.

Phosphated Iron is put up in capsules, only, don't take inferior pills or tablets. For sale by

Evan's drug store and leading druggists everywhere.

DOCTOR ADVISED CHANGE OF CLIMATE

Run Down and Lungs Hurt—Stayed Home and Gained 22 Pounds.

"In November, 1911, I had a severe cold and la grippe, which left me with a bad cough. My lungs and shoulder blades hurt so I couldn't sleep and I finally had to give up my job and was ordered to change climate. In April, 1912, I began taking Milks Emulsion. On the second bottle I could see a change. My appetite was better and I commenced to gain strength and weight. Now, (August 23, 1912) I have used 23 bottles, have increased 22 pounds in weight and believe I am permanently cured."—W. F. Bourland, Route 5, Wolf City, Texas.

Mr. Bourland was fortunate in commencing to use Milks Emulsion when he did. A run-down system invites disease. Milks Emulsion costs nothing to try.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and $1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Guaranteed by W. A. Erman, T. J. Evans, West End Pharmacy.

WHERE MOLE BEATS MONKEY

Simian Is Comparatively Helpless in the Water, as Are Many of the Land Birds.

Have you ever noticed a gull dropping on the sea—how it spreads its wings high so that the feathers shall not be wetted? If a gull's wing feathers get wet it cannot rise until they dry, says a writer in London Tit-Bits.

Throw a mouse into the water. It can swim a little, but as soon as its fur is soaked down it goes, and drowns. So, too, in the case of a rabbit. As soon as its fur is wet it is done for.

A mole can swim like anything, but a monkey is very helpless in the water. Almost all land birds drown very rapidly if unlucky enough to fall into the water. They strike out with their legs, move round and round in a circle, but cannot get off the water.

Lions and tigers are very good swimmers, and do not share the common cats' hatred for the water. But of all the cat tribe, the South American jaguar is the finest performer in the water. It seems often to plunge in for mere joy of a swim.

A rabbit, as we have said, drowns as soon as its fur is soaked through, yet curiously enough its near relative, the hare, swims quite well, and will often cross a river when hunted.

Bears are good swimmers, even those that usually live far from large sheets of water, and the common rat is no mean performer.

One of the best of animal swimmers is the horse. Horses have been known to swim a river nearly a mile wide simply to get back to their old stables.

Deer, too, can all swim well. There are cases of caribou having swum across lakes ten miles wide when escaping from forest fires.

ALCOHOL GROWS ON TREES

Liquid Declared to Be Plentiful in Blooms Which Flourish in Profusion in India.

Alcohol in these days has attention from governments in diverse ways. England has had a committee studying the possibilities of increasing the production of alcohol to be used in generating power.

The opportunities discussed by the committee are interesting. Of course, potatoes, artichokes and cereals came in for attention. But it seems there are less known sources of alcohol. For example, there is the flower of the mahua tree, which flourishes in Hyderabad and the central part of India. This flower, when sun dried, contains 6 per cent of its weight in fermentable sugar, and apparently is to be gathered by the ton. Then there are the fertile gases of the coke ovens. They are so rich in surprises to the everyday man that it is not very startling to learn they contain ethylene, which by synthetic processes somewhat developed under the stress of war may be converted into ethyl alcohol.

With the coal beds about to produce alcohol, and the trees of India fairly blossoming with it, the man with a motor car may quiet the fears aroused by the scientists' figures which show that we are in sight of the end of petroleum and gasoline. There is nothing like being easy in one's mind.—The Nation's Bulletin.

American Buys Franklin Portrait.

A portrait of Benjamin Franklin, painted in Paris in 1778 by Joseph Sifrede Duplessis, and showing him as the American ambassador whom Parisians of that period knew, has arrived in this country, the property of Michael Friedsam, the New York Evening Post states. Franklin presented the portrait to the Freres Perier, engineers and owners of the Chaillot fire engine, when he left France, and it was from the Perier family that Mr. Friedsam purchased it this year.

The portrait, whose gorgeous frame of the period is carved in the form of a serpent, is said to be typical of the best work of Duplessis, who was made a member of the academy in 1774, and was later appointed conservator of the museum of Versailles. In Versailles is a street called Duplessis, and a statue of him stands in a public square of the city.

Only Live Okapi in Captivity.

The only live okapi in captivity has been brought to Antwerp from the Congo. The okapi is the survivor of a distant ancestor of the giraffe. An adult stands about five feet high, and although it has the general shape of the giraffe, its neck is relatively shorter and its forelegs are not so high in proportion to the hindquarters.

The sides of the animal's head are light fawn color and the general coloration of the body is a dark purple. The most striking characteristic is that the rump, and the upper part of the legs are transversely striped with black and white. It was first known in 1901, having been found in the Semliki forest, haunting low undergrowth and swamps.

Getting On.

"How did that actress ever secure an engagement, I wonder?"

"Why, didn't you read about it? She applied to a manager who refused to listen to her and she shot him. Then she had several offers."

She Refuses to Go Dry.

"I'll say this for the wife."

"What?"

"Nowadays she's the only thing left in the house that still has the same old kick."

REAL "INSIDE" INFORMATION

When Constipated, Bilious, Headachy, Take "Cascarets" for Liver and Bowels—No "Shake Up"

Are you keeping your bowels, liver, and stomach clean, pure, and fresh with Cascarets, or merely whipping them into action every few days with Salts, Cathartic Pills, Oil, or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets gently cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the colon and bowels all the constipated waste matter and poisons so you can straighten up.

Cascarets tonight will make you feel great by morning. They work while you sleep—never gripe, sicken, or cause any inconvenience, they cost so little too. —Adv.

CONCORD

Miss Marie Carver, who has been spending a short time with her grandparents Mr. and Mrs. D. C. Anderson was called to her home east of St. Louisville, by the illness of her mother. Mrs. Anderson accompanied her home remaining from Tuesday to Friday.

Mrs. A. G. Collins spent Thursday with Mrs. Price Glynn.

Mr. and Mrs. Roe Kasson moved into their new home near Granville last Monday.

Mr. and Mrs. Mouser and Mrs. W. L. W. L. Emerson spent Monday in Newark.

The neighborhood was very much shocked to hear of the sudden death of Milton Forsythe, Saturday morning. The funeral services were held Tuesday morning at the home north of Alexandria.

Alva Hatch spent a part of last week with his parents Mr. and Mrs. Wm. Hatch.

Mr. and Mrs. Ray Kasson and two children were entertained by their parents Mr. and Mrs. Emmett Kasson, Sunday.

Mr. and Mrs. Frank Morris were in Croton with their daughter and family part of the week.

Mr. and Mrs. G. E. Mouser, Mrs. Blanche Butt and Miss Nannie Blake, visited Arthur Butt, who is a patient at Mercy hospital, Columbus.

Harry McMillen was in Alexandria Tuesday on business.

GIRLS! A MASS OF WAVY, GLEAMY BEAUTIFUL HAIR

Let "Danderine" save and glorify your hair

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the Danderine and draw this through your hair taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous, fluffy and so easy to do up. All dust, dirt and excessive oil is removed.

Let Danderine put more life, color, vigor and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair, and help your hair to grow long, thick, strong and beautiful.—Advt.

Women Made Young

Bright eyes, a clear skin and a body full of youth and health may be yours if you will keep your system in order by regularly taking

GOLD MEDAL HAARLEM OIL CAPSULES

The world's standard remedy for kidney, liver, bladder and uric acid troubles, the enemies of life and locks. In use since 1696. All druggists, three sizes.

Look for the name Gold Medal on every box and accept no imitation

BLISS NATIVE HERB TABLETS

Have you noticed the rugged, healthy, complexion of our soldiers and sailors—their elastic step, and strong, manly bearing. This condition is due to outdoor life, plenty of exercise, regular habits and wholesome food.

Your responsibilities may not permit you to work, live and play outdoors. You may have to grind away at a machine, a desk, or other employment, until your condition becomes stale. Indigestion, constipation, headaches and general debility follow. Your liver and kidneys fail to act properly, and your blood becomes poor and sluggish. Don't be a health-slacker. Take Bliss Native Herb Tablets. They will relieve constipation, remove indigestion, help to prevent rheumatism and make you fit. Look for trademark. Our money back guarantee on every box. Two sizes, 50c and $1.00.

Sold by leading druggists and local agents everywhere. Made by Alonzo O. Bliss Co., Washington, D. C.

DOCTOR JACKSON'S Digestive and Liver Powder

Fine for indigestion. Try it and be convinced.

Price 60c and $1.00 at all druggists. Send 3c stamp to The Jackson Medicine Co., Zanesville O., for sample package.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes —Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

SOUTHERN FLOOD MAKES THOUSANDS HOMELESS

Atlanta, Ga., Dec. 11.—Several thousand persons were homeless today and many more out of employment as a result of flooded rivers in Alabama, Georgia and Mississippi. Railroad schedules were demoralized and property loss was estimated in millions. Rivers in the three states had reached their highest stages in many years as a result of the heavy rains of the first part of the week, but generally were receding today.

LOCK.

Mr. and Mrs. F. L. Douglass and Mrs. W. H. Douglass were Newark visitors Saturday.

COAL WILL BE MOVING RAPIDLY NEXT WEEK

Indianapolis, Dec. 11.—General operation of bituminous coal mines of the country which have been idle for nearly six weeks as a result of the strike of miners on October 31, is predicted for tomorrow. Coal will be moving rapidly by the first of next week, in the opinion operators here.

Officials of United Mine Workers of America, who last night sent telegrams to the 4,000 locals of the organization telling of the action of the miner's general committee here yesterday in accepting President Wilson's proposal to return to work, today were confident that there will be no delay on the part of the members of the union in resuming work. The telegrams of last night, which instructed the men to return to the mines immediately, were supplemented today by circulars prepared by international officials of the union explaining in detail, the action of the general committee yesterday the basis on which the strike was settled and reiterated the instructions to resume work immediately. These circulars were mailed to the locals.

Reports reaching here this morning told of the return as early as last night of some of the miners in nearby fields and in other instances of some of the men reporting for work today. It was pointed out, however, that in most cases, the telegram directing an end of the strike were not received by locals until this morning and that the locals in turn must notify their members before the majority will again enter the mines.

The mine operators on their part promise to bend all their energies toward resumption of normal operation and promise that if the miners report promptlymovement of coal from the mines will become general within a very efw days.

All sides in the controversy just ended were highly satisfied today with agreement reached by the general committee of the miners in their session here yesterday. The miners were especially pleased with the idea of appointment of a commission composed of one miner, one operator and a third member not affiliated with either side to investigate wages and coal prices and fix both at figures which they deem reasonable. This commission, under the plan, will be appointed by the president, the miners in the meantime to receive an advance of 14 per cent in wages over the scale paid prior to the strike.

One feature with which the miners are highly satisfied provides for settlement by his commission of internal questions peculiar to each district. This, the coal workers believe, will go far toward elimination of differentials in wages which have been the cause of much dispute for years.

Government officials were well pleased with the outcome of their efforts for a settlement of the miners controversy and indications today were that charges of contempt of court for alleged violation of the federal court injunction against furtherance of the strike, would not be pushed against the $4 international and district officials who were made defendants in the proceedings.

Attorney General Palmer left Indianapolis this morning for French Lick Springs, Indiana. He will leave there for Washington tomorrow.

The federal grand jury investigation of charges of violation of the Lever act and anti-trust laws, scheduled to start last Monday but postponed until December 17 will proceed when the jurors appear next Wednesday, according to the best information available. The probe will be nation wide in its extent, it is declared, and will involve both operators and miners.

RESTRICTIONS ON FUEL WILL BE CONTINUED

Washington, Dec. 11.—There will be no immediate relaxation in the enforcement of the rigid restrictions on coal consumption notwithstanding the settlement of the soft coal strike, Fuel Administrator Garfield announced as soon as he had heard of the miners' agreement to accept President Wilson's proposal.

Director General Hines of the railroad administration, through which the fuel regulations are enforced, said in a formal statement that the dislocation which the strike has created in the production, transportation and distribution of coal can not be instantly remedied and pending readjustment "it is highly important for the public to continue to exercise great caution in the consumption of coal and it is hoped there will be due appreciation of the difficulties which cannot be immediately overcome."

Just as soon as practicable, Mr. Hines added, regulations in connection with the use of bituminous coal for power, light and heat will be rescinded or modified. Under the terms of the President's proposal a commission of three will be appointed to investigate wages and working conditions in the bituminous fields and it was understood the President was awaiting the return of Attorney General Palmer from Indianapolis before making the announcement of membership of the commission.

Operators who were in session here awaiting the decision of the miners, upon hearing of the miners' acceptance issued the following statement:

"We are pleased that the miners have voted to return to work and that the public can be promptly supplied. Realizing the imperative need of coal in large quantities the operators stand ready now as in the past to bend all their energies toward a maximum production, beginning at once."

Drastic fuel conservation measures become effective today in the District of Columbia where all retail stores, except food and drug stores, have been ordered to open only from noon to 6 p. m. every day.

REDS ASK $50,000 FROM AMERICAN LEGION

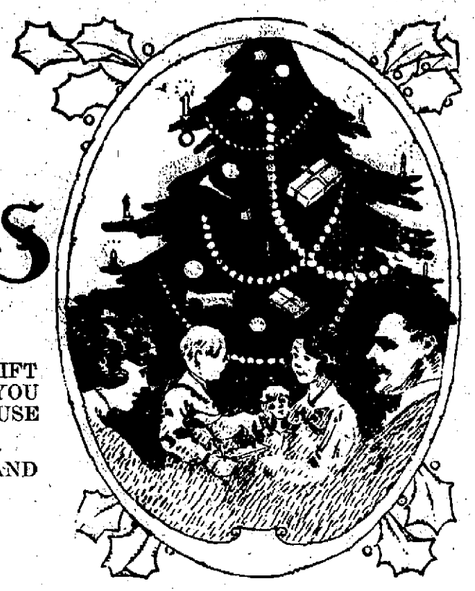

Cincinnati, Dec. 11.—Suit for $50,455 as damages was filed in superior court here yesterday against the American Legion of Ohio and Robert E. Bentley Post No. 50 of Cincinnati by Lotta Burke, a well-known socialist, acting for the Cincinnati local of the Communist party of Ohio. The action grows out of the raid on the party's headquarters on the night of November 18.

FRENCH TROOPS CLASH WITH D'ANNUNZIO

Paris, Dec. 11.—(Havas.)—French troops have clashed with D'Annunzian volunteers at Flume and many were killed and wounded on both sides, according to a Geneva dispatch printed by the Petit Parisien, with reservation. It is said the D'Annunzian troops had pillaged French depots at Flume.

Break a Cold
WITHOUT NASTY QUININE

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stop nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, no quinine.

Artificial arms and legs were, it is believed, used in Egypt as early as 700 B. C. They were made by the priests, who were the physicians and surgeons of those days in the land of the Nile.

The Ecuadorian government has added an aviation course to its military and naval college.

Matilda Arnold, et al., to William Blackburn; lot in Pataskala; $1, etc.

Elijah A. Bryan, as sheriff, to Link C. Russell; two acres in Hanover township; $655.

Elijah A. Bryan, as sheriff, to Chas. Reichley, 22 1-2 acres in Hanover township; $3,899.

Wm. M. Marston to Earl Camp; 50 acres in Franklin township; $1, etc.

Daisey C. Harrington to Edward W. Dorsey; inlot 4299 in Oakwood addition; $1, etc.

Joseph C. Spencer to James Clyde Baughman; 100 1-2 acres in Madison township; $1, etc.

Real Crimes.

Man's virtues and vices are being subjected to a reclassification, in the course of which they are entertainingly seen in no few instances to be changing places. The standards of punishment applied by Dante to his inferno of lost souls is being every year more closely approximated; sins of instinct and impulse as having usually some "relish of salvation" in them are being judged lightly, when they are counted sins at all, and the cold-hearted sins of essential selfishness, the sins of cruelty and calculation and cowardice, are being nailed up as the real crimes against God and man.—Richard Le Gallienne.

Meaning of "Selah."

The word Selah, which occurs so frequently in the Psalms, is usually believed to be a direction to the musicians who chanted the Psalms in the temple. Mattheson, the great musical critic, wrote a book on the subject, in which, after rejecting a number of theories, he came to the conclusion that it is equivalent to the modern "da capo," and is a direction that the air or song is to be repeated from the commencement to the part where the word is placed.

Canal Construction in Brazil.

The legislature of the state of Bahia, Brazil, has instructed the department of public works to begin at once surveys for the construction of a canal ffom Jaugaripe to the river Jequirica, and from this river another canal to Marro de Sao Jono; a canal to join the Boipeba and Santarem rivers, and to cooperate with the municipalities of Cannavieras and Belmont to repair the present canal joining these cities, but which has long fallen into disuse.

First Salt Merchants.

The Delaware Indians made salt from brine springs in New York state and sold it to settlers as early as 1670, making probably the first commercial production of salt in this country. The manufacture of salt by white people in the United States was begun near Syracuse, N. Y., about 1783. Salt is the most commonly used mineral in the world, and no useful mineral except coal, perhaps, occurs in greater abundance or is more widely distributed in the United States.

Safeguard the Family.

If there is a bottle of poison in the house, says the Philadelphia Record, insert three pins in opposite directions in the cork. This will make it impossible to remove the cork without being reminded that there is something unusual about its contents. It is a safety device that cannot be improved upon.

He Who Knows.

He who knows nothing thinks he can teach others what he has himself just been learning. He who knows much, scarcely believes that what he is saying is unknown to others, and consequently speaks with more hesitation.—La Bruyere.

To Acquire Greatness.

The best guarantee to greatness is an intense interest in a great program. Then it is that the fellow becomes so full of the job that he hasn't time to think about whether he's great or not. He sees the thing to be done and becomes so full of how to do it that he rises without knowing that he's becoming great in the eyes of the world. So the best thing is to be filled with your job and work it until it gets the fruits.

Muggins—"After many years of matrimony I find that married life is a paradox." "Buggins—"In what way?" Muggins—"Well, the only way to keep a wife's love is to return it."

SOCIAL AFFAIRS

Fleming—Lucas.

The marriage of Mrs. Shirley Lucas to Mr. Walter G. Fleming was solemnized at the parsonage of the East Main Street M. E. church by Rev. J. Emory Walters, Wednesday evening at 7 o'clock.

They were attended by Mr. and Mrs. D. S. Gettings. After the ceremony the couple left for Springfield, Ill., where they will be the guests of friends for a few days.

On their return they will be at home in 41 Summit street. The bride is the daughter of Mr. and Mrs. W. E. Kerr of Summit street. Mr. Fleming is a machinist employed in the local B. and O. shops.

The Royal Neighbors will sew all day Friday at the home of Mrs. O. D. Hollar in Wintermute avenue, the first house east of Twenty-first street.

Miss Maude Cooperrider of North Franklin entertained Monday evening with a shower in honor of Mrs. Floyd Mitchell (Mary Ulrey.) The evening was spent in music and games.

At a late hour a delicious repast was served to the following: Messrs. and Mesdames Floyd Mitchell, Ralph Ulrey, Loaten Tavener, George Brownfield, Misses Mary Brownfield, Ethel Cooperrider, Ream Benner, Florence Cooperrider and Ruth Cooperrider; Messrs. Carl Boring, George Wilkin, Earl Cooperrider, Edwin Boring, Harry Cotterman, Paul Cooperrider and Mr. and Mrs. Homer A. Cooperrider. The bride was the recipient of many beautiful and useful gifts.

The Otterbein Guild of the East Main Street U. B. church will hold its Christmas meeting at the home of Miss Grace Pine in Channel street, Thursday evening at 7:30. Every member is asked to bring a friend.

The Young People's Society of Christian Endeavor and the Alumni Society of the First Presbyterian church will hold a business and social meeting at home of Miss Ruth Kastla, 386 Andover street this evening at 7:30. Election of officers will take place. The members will each bring a toy for a Christmas box.

Mrs. George Upson entertained at cards Wednesday afternoon at her home in Hudson avenue. The game was auction bridge and about twenty guests were entertained.

Last Friday evening Mrs. Charles Z. Harter of 89 Spring street, entertained with a six o'clock dinner, honoring her friend, Miss Irma Bonshire of Paden City, W. Va. Covers were laid for six.

PERSONAL

Miss Clara Lisey is in Columbus spending the week-end the guest of Miss Edith Wilson.

UNIQUE COSTUMES WORN AT LONDON'S VICTORY GAMBOL

Miss Lee White in her Victory ball costume.

Bare backs and dazzling costumes were very much in evidence at London's second Victory ball. This photo shows one of the striking costumes worn by Miss Lee White, noted English actress. She called her dress "Back Again," after the show in which she has been appearing at the Ambassadors.

OBITUARY

Joseph Storta.

The funeral of Joseph Storta was held this morning at the Bazler establishment in East Church street and burial was made in Cedar Hill cemetery.

Johnston Haughey.

Funeral services for Johnston Haughey were held this afternoon at 1:30 o'clock in the home of his brother, Edward Haughey, in North Fourth street. Rev. B. R. Weld officiated and burial was made in Cedar Hill cemetery.

Card of Thanks.

We wish to extend our heartfelt thanks to our neighbors and friends for the kindness shown and assistance rendered during the illness and death of our darling baby Gladys Marie and for their floral offering, expressive of their sympathy. We desire also to thank Rev. Walters, the singers, the physician Dr. Stone and the undertaker Mr. L. N. Bradley.

Mr. and Mrs. William Frye and Family. 12-11-1tx

Esperanca Found Rubber.

It is believed that the rubber tree was discovered by a Jesuit missionary, Fr. Mancelde, Esperanca. He found it while on one of his apostolic journeys among the Cambelas Indians of South America and gave it the singular name of the seringueira, because he remarked that the savages used the sap of this tree, which hardens quickly, to make rude bottles that were shaped like a syringe.

To Reopen Pharaoh's Mines.

Pharaoh's mines were discovered in 1812 by a French explorer named Cailliaud. He found that the mines had been abandoned before they had been completely exhausted. A lode of emerald-bearing rock was mined and the emeralds were found to be very large, but poor in quality. The mine was again abandoned. New plans to operate them on a tentative scale, at least, are now under way.

Give Them a Chance.

Common sense tells us that the boy "with the schooling" develops into a far more competent journeyman than the youth who did not go through the grammar grades. Therefore, the parents who would fit their children to face life, and at living wages, will strain many points—in fact, will gladly make the sacrifices—in order to keep their children at school, and thus give them something better than a mere fighting chance.—New York Evening Telegram.

Linoleum Kills Bacteria.

According to a European scientist, linoleum on the floor of a room kills bacteria that may be brought in on shoes, with the linseed oil it contains.

Socialist speakers are advocating Russia as the ideal country. Hell must be their second choice.—Toledo Blade.

THE MARKETS

Wall Street.

New York. Dec. 11.—Influenced largely by the settlement of the coal strike today's stock market opened with a firm to strong tone in all quarters of the active list.

Gains among seasoned shares in the railway and industrial groups were confined to fractions but in the more speculative issues, advances of 1 to 3 points were made. Bullish enthusiasm was somewhat dampened within the first half hour, however, when foreign exchange manifested signs of greater weakness remittances to England and Italy falling to new low records

Further severe declines in exchange, especially sterling, followed reports on the exchange floor that this congress would not authorize foreign credits and nullified the favorable effect created by the outcome of the coal strike. The Mexican situation in its relation to oil properties also caused greater anxiety Early gains were replaced by losses of 1 to 4 points in oils. 1 to 2 1-2 in motors and 1 to 5 1 2 in steels, coppers, high grade specialties and investment rails

Chicago Produce.

Chicago, Dec. 11.—Butter, lower; creamery 57@67

Eggs, lower, receipts 465 cases; firsts 74@75; ordinary firsts 68@70; at mark cases included 68@75.

Poultry alive higher spring 23 1 2, fowls 18@25; turkeys 32

Chicago Grain Review.

Chicago, Dec. 11.—Weakness to possession of the corn market today after some show of strength at the outset Initial prices, which ranged from 1 8 to 1 1-8 cents higher with January 1 38 to 1 38 3-4 and May 1 34 3-4 to 1.35 were followed by a setback to well below yesterday's finish.

Oats declined with corn. After opening unchanged to a quarter @ 3-8 up, including May at 81 1-4 to 81 1-2, the market underwent a decided sag

Higher quotations on hogs lifted provisions. Later, owing to groin weakness the market reacted somewhat.

Chicago Live Stock.

Chicago, Dec 11.—Hogs receipts 36,000; higher, bulk 12 85@13 25, top 13 30; heavy 12 85@13 30; medium 12.90@13 30, light 12 85@13 25, light lights 12 50@13.00, heavy packing sows smooth 12.25@12 75; packing sows rough 11 75@12 25, pigs 11.75@12 75

Cattle receipts 20,000; weak, beef steers medium and heavy weight choice and prime 19 00@21 50; medium and good 11.50@19.00, common 9.00@11 50; light good and choice 14.25@20.75; common and medium 8 25@14.25; butcher cattle, heifers 6.25@15.50; cows 6.50@14.25; canners and cutters 5 50@6 50; veal calves 16 75@17 75; feeder steers 7.00@12.50; stocker steers 6.00@10.75; western range steers 7 50@15.00; cows and heifers 6.50@12.50.

Sheep receipts 21.000 strong; lambs 14 25@16.85; culls and common 11.00@14.50; ewes medium, good and choice 8 00@10.00; culls and common 4.50@7.75.

FARMERS AND DEALERS NOTICE.

To the farmers and dealers of Licking county and adjoining countys. We shall extend to you our thanks for the excessive poultry business you extended us during the past Thanksgiving period of trade, and shall take this opportunity to announce that we are at present in the market for all kinds of live poultry, chickens, geese, ducks and turkeys, and will further announce that between the 13th and the 20th of this month, we will pay an extra premium on spring chickens which weigh from 6 to 7 pounds, but in this case shall suggest that all heavy poultry brought in should be sorted to itself. Get your poultry in not later than the 20th of this month.

MR. "DICK" DIXON FOUND OUT HOW TO EASE HIS BACK

Popular Police Officer of Warren used to walk his beat, suffering every step from backache. Also had a sluggish liver.

Declares now, since taking Dreco, that every pain is gone; liver is active; indigestion overcome and he feels fine.

"I use to walk my beat and every time I'd put my foot down it seemed the pain would kill me" said Mr. "Dick" Dixon, of 643 East Ave., Warren, O. Mr. Dixon is one of the most widely known and popular Police Officers in Warren and prominent in the Elks Lodge.

"For some time I've had kidney trouble," he continued, and I think that is what caused the severe pains in my back. My liver was very sluggish, often giving me headaches; my tongue was coated and breath foul. My stomach caused a lot of uneasiness after meals, griping me and filling me up with gas; my appetite fell off; my nerves got on edge and couldn't sleep much, in fact, my whole system seemed rundown.

"I've taken two bottles of Dreco and I haven't a pain about me. My back is supple and I walk my beat in perfect comfort. I eat anything I want and it never hurts me in the least. My liver has been cleaned off nicely so that I no longer have headaches, dizzy spells, or a coated tongue. Dreco is a great medicine and I am glad to tell every one about it."

The good old-fashioned roots, herbs, barks and leaves like our forefathers brewed their teas from and raised a hardy race of people, are still recognized as the best remedies for the stomach, liver, kidneys, bowels and blood. Dreco is made fro 12 herbal plants and it's action is prompt and pleasant for man, woman and child.

All good druggists now sell Dreco and it is highly recommended in Newark by Evans' Cut Rate Drug Store.—Adv.

RECENTLY RECOGNIZED HEALTH NECESSITY

Antiseptic treatment of the digestive organs is a recently recognized health necessity—as vitally important to health as the antiseptic treatment of teeth and mouth by means of germ-killing tooth pastes and mouth washes.

To meet this new health necessity, Partola Candies have been invented. Not only will they do all that any laxative will do but, in addition they possess very valuable antiseptic properties and tend to disinfect and sterilize the whole digestive tract. They are more than a laxative—they are a systematic antiseptic in the form of delicious, palatable and tasty mint lozengers without the slightest "medicine taste."

With all these advantages Partola costs no more than ordinary old-fashioned laxatives. Try Partola today—"The Doctor in Candy Form"— and note its purifying and refreshing effect. Good for young and old alike. At all good druggists. In boxes from 25c to $1.00. Trial size, 10c.—Advt.

SAT UP ALL NIGHT TILL RELIEVED BY PARKER TREATMENT

Athens, O., Dec. 10.—Wm. Hottel lost fifty pounds before he learned how to escape the torture of Constipation and Indigestion. He says, "from 1907 I tried everything recommended but gained no relief. Couldn't eat or drink water without causing distress; bloated something terrible, which caused smothering spells; suffered with rheumatic pains in my entire left side and at times the pains were so severe they doubled me up in a knot. Many and many a night I had to sit up all night and I fell off more than fifty pounds. In 1914, I tried Dr. Parker's Treatment. The first box gave me great relief. Three boxes cured me and I have enjoyed the best of health ever since. It has been a wonderful medicine for my wife and two children and I think should be in every home."

The same relief is guaranteed for you, or your dollar will be returned. —Adv. 12-11-24

PYORRHOEA IS DANGEROUS

Makes Teeth Loosen and Fall Out. Poisonous Pus From Diseased Gums Ruins the Stomach, infects the Body—How to Treat.

"Beware of any tenderness or bleeding of the gums," says a famous dentist. "This is usually the first stage of dangerous Pyorrhoea or Riggs Disease, which, if neglected, ends in loss of teeth and often in a ruined stomach and poisoned body."

If your teeth are loosening or if your gums are receding and are sore, tender or inflamed, if they bleed when you brush your teeth, are spongy, flabby or colorless or if they discharge pus or develop gumboils, it is a warning of Pyorrhoea and prompt and careful treatment is necessary if you want to save your teeth and protect your health.

A prominent New York dentist has discovered a new prescription—Epithol—for promptly correcting these troubles and it surely seems to work like magic. Teeth tighten, the gums grow sound and healthy and the bleeding, poisonous pus discharge soon stops. An ounce jar of Epithol costs little at T. J. Evans' or any other drug store and all these leading druggists will refund the full purchase price if, in any case, it fails to bring relief.—Adv.

STAKE YOUR LIFE Against the DEADLY GERM

Cold, Influenza, Grippe and Pneumonia germs are ever a menace to human life and only those who are physically fit can escape their attack. The only real safe plan to follow is to be prepared to fight these germs. Take a steaming hot cupful of Bulgarian Blood Tea with a little lemon juice. Rid your system of the poisons that polute the blood. Guard against influenza and Pneumonia. Get a box of Bulgarian Blood Tea today. Good for every member of the family. At all druggists. If your druggist is out of it you should have it at once—quick shipment by insured mail. Send 65 cents for a two months' supply or $1.25 for a large family five months' supply. Address Marvel Product Co., sole manufacturers of Bulgarian Blood Tea, Marvel Building, Pittsburg, Pa.—Advt.

"Bone of contention" seldom has any meat left on it after the argument is over.—Columbia Record.

CONSIDER THIS WOMAN'S CASE.

Mrs. A. L. DeVine of Los Angeles, Cal., says: "After I had suffered from a female trouble for years, not being able to do my housework, or get any relief from doctors, Lydia E. Pinkham's Vegetable Compound made me a well woman, and I want to tell the world the good this medicine does." This woman is perfectly justified, and should be commended for telling others how she regained her health.—Adv.

DASH BALM

The Wonderful New Ointment, Banishes Chest Colds, Coughs and Sore Throat.

MONEY BACK IF IT IS NOT ALL WE CLAIM

All druggists are authorized to return your money without question if it does not do as we advertised.

You just rub it on—that's all, and away goes Sore Throat, Chest Colds, Coughs over night. You needn't be afraid to use it if the skin is broken for it contains nothing to irritate but lots to sooth and heal.

Use it for rheumatic pains, Neuritis, Neuralgia and Lumbago—to instantly relieve Tonsilitis, Pleurisy and Bronchitis.

For sprains swellings, sore, burning feet and all aches and pains it has no equal.

T. J. Evans and all first class druggists sell Dash Balm—in—jars—for 35 cents.—Adv.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisurated Magnesia at their meals.

There is probably no better, safer or more reliable stomach antiacid than Bisurated Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestent. But a teaspoonful of the powder or a couple of five-grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of pepsin pills or artificial digestents.

Get a few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the bisurated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

CLEAN UP POISON SOAKED KIDNEYS ADVISES DR. CAREY

Thousands Die Every Year Because They Allow Poisonous Deposits to Accuumulate in Kidneys.

Don't flush your kidneys with harsh makeshifts says Dr. Carey, they are too frail and delicately constructed to treat them rough.

For 40 years I have been prescribing Marshroot for kidney and bladder sickness and now I have retired from active practice I have made arrrangements with leading druggists to dispense this wonderful prescription at a moderate price.

Beware of kidney disease thousands die of it every year who ought to be enjoying the blessings of life and health. If you have specks floating before the eyes, puffs under eyes, clammy feet or moist palms, backache or sideache you ought to get a bottle of Dr. Carey's Marshroot right away.

It has conquered thousands of kidney and bladder diseases and is the medicine you can always depend upon.

IMPORTANT—Dr. Daniel G. Carey has been a practicing physician for many years and his great prescription, "Marshroot," has cured thousands of sufferers from kidney and bladder troubles. It is not a patent medicine and is only sold through drug stores in order to accomodate his patients. T. J. Evans' Cut Rate Drug Store can supply you. —Adv.

I TELL YOU Deacon SAVES YOU MONEY

Advocate want ads bring results.

Twenty-Five Years Ago

(From Advocate Dec. 11, 1894)

This morning's market was good. Winter produce and turkeys are plentiful.

The new Presbyterian church at Homer will be dedicated next Sunday.

Representatives of the Tin Plate company will be in the city Monday to arrange for the construction of new buildings.

Miss Lillian Garber returned last night from a visit in Pennsylvania.

15 YEARS AGO.

(From Advocate Dec. 11, 1904)

Miss Jeanette Fitterer entertained the H. G. L. club Wednesday evening.

Misses Carrie Allen and Alice Ball entertained with a 6 o'clock dinner Friday evening.

About 300 atended the quarterly meeting of the Licking county Teachers' asociation that was held in the high school chapel.

Dr. Lathrop will give a lecture at Taylor hall Sunday afternoon.

ENTERTAIN EMPLOYES WITH A BANQUET

Gene Schaefer of Dayton, foreman of the Newark branch of the Schaefer Cigar company, gave the employes a banquet at the McDaniel restaurant. Interesting talks were made by Mr. Schaefer, William Wells, foreman of the Delaware shop, Ed Sutley, foreman of Newark and Ray English. About 75 employes were present and at the close of the banquet they were entertained with a dance at the Elks hall. Mrs. Altha Stoltze furnished the music for the occasion.

PLAN TO INCREASE ADVERTISING RATES

Kansas City, Mo., Dec. 11.—Owing to the scarcity and high prices of print paper, a score or more of leading papers in the middle west will raise their advertising rates from 10 to 50 cents an inch. This was the program decided upon at a conference of the Mid-West Newspaper Advertising Managers' association, held here. In some cases, large advertisers will be asked to use less space, in order to make room for smaller advertisers. Six states, Iowa, Missouri, Kansas, Oklahoma, Nebraska and Texas, are represented in the movement.

MT. HERMON U. B.

Rev. E. E. Harris, C. E. field secretary of southeastern Ohio district, will speak and conduct a Christian Endeavor rally at the Tenth street U. B. church Saturday evening at church Friday evening at 7:15 and at Mt. Hermon U. B. church Saturday evening at 7:15. The East Main street U. B. society has been invited to attend the Friday evening rally.

GUARANTEE IS TOO GOOD.

Findlay, Dec. 11.—A Findlay tailor several decades ago sold a suit to a customer who left Findlay 10 years ago. The suit was "guaranteed to last a lifetime." This week the tailor received a letter saying the suit was being returned, as it had worn but, "and would the tailor please send another one to make good the guarantee."

NAZARENE PREACHERS MEET.

Marion, Dec. 11.—The first session of the Ohio Nazarene Church Preachers' association opened here yesterday with ministers present from all parts of Ohio and adjoining states. Rev. R. T. Williams, D. D., of Nashville, general superintendent, was the principal speaker last night.

MRS. MARY E. BURR DIES.

Dayton, Dec. 11.—Mary Elizabeth Burr, aged 68, wife of C. C Burr, secretary of the Dayton Gas company, and mother-in-law of B. G. Dawes, president of the Ohio Cities Gas company, died at her home here last night, folowing a year's illness. Four children survive.

CANCER KILLS BANKER.

Lancaster, Dec. 11.—A. W. Mithoff, aged 51, former city solicitor and vice president of the Hocking Valley National bank, is dead of a cancerous growth, after four months' illness.

EMPLAYES GET BONUS.

Columbus, Dec. 11.—Directors of the Ohio National bank yesterday notified all empolyes that they would get a 10 per cent bonus, based on their semi-annual salaries.

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenrhu, the sure conquerer of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases, where the suffering and agony was intense and piteous and where the patient was helpless.

Allenrhu relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenrhu, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenrhu decisively conquers this worst of all diseases, and he has instructed Evans' Drug Store to guarantee it in every instance.—Adv.

Reduce Those Dangerous Swollen Veins

Physicians are prescribing and hospitals are using a new and harmless, yet very powerful germicide that not only causes enlarged or varicose veins and bunches to become normal, but also reduces goiter, enlarged glands and wens.

Ask any first class druggist for an original two-ounce bottle of Moone's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces last a long time and furthermore if this wonderful discovery does not produce the results anticipated you can have the price refunded.

It is not wise for anyone to allow swollen veins to keep on enlarging. Often they burst and cause weeks of pain, suffering and los sof employment. Start the Emerald Oil treatment as directions advist and improvement will begin at once. W. A. Erman can supply you.

DELCO-LIGHT

"Electricity for every Farm"

The Delco-Light engine is the valve-in-the-head type—used in the best and most powerful airplane engines and in hundreds of thousands of automobiles.

It is air-cooled—runs on kerosene in any climate—has only one place to oil and has a simple mixing valve in place of carburetor.

The storage battery is exclusively designed and built for Delco-Light with thick plates, wood and rubber separators and many improvements that insure long life.

Delco-Light long ago passed the experimental stage and has gone through the refining influence of three and one-half years of production and of usage by 75,000 customers.

You will find plants in the homes of your community. Just ask your neighbor about his Delco-Light plant.

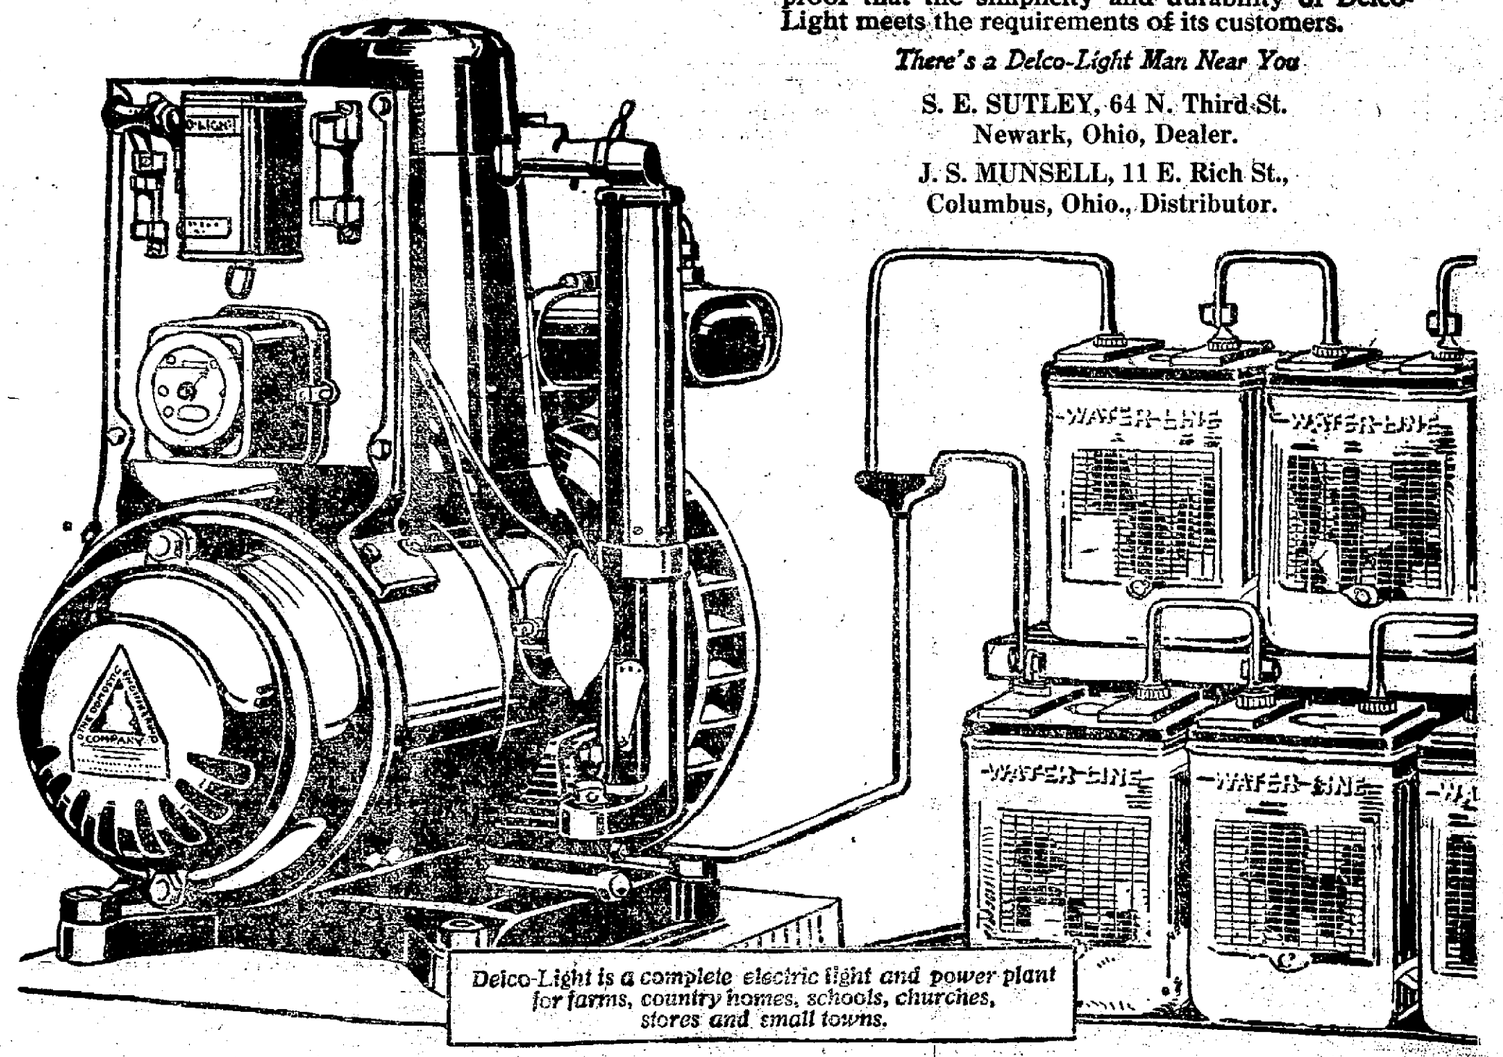

Delco-Light makes happy homes; it saves time and labor, taking away lots of hard, unpleasant tasks. It "Pays for Itself" by the work it does and the time it saves.

Of the more than 75,000 Satisfied Users of Delco-Light, the first are among the most enthusiastic—proof that the simplicity and durability of Delco-Light meets the requirements of its customers.

POWERFUL PILE REMEDY DISCOVERED

Has Never Failed to End Most Obstinate Cases of Piles in Few Days.

For years it has been proved that so-called external remedies applied to or inserted in the rectum cannot cure piles, and at the best can only give temporary relief. Surgical operations also do not remove this cause, but simply the formation.

This wonderful prescription known as Miro Pile Remedy, is so efficient in the treatment of piles, that even chronic cases of from 20 to 30 years standing with profuse bleeding have been completely cured in from three to ten days. Think of it! Just a few doses of a carefully balanced prescription and the most persistent case of piles is absorbed, never to return.

T. J. Evans Pharmacy, W. A. Erman dispenses Miro or can get it for you on short notice. Surely it's worth the little trouble to obtain it to be rid of piles forever.

IMPORTANT: What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription.

Birth Announcement.
Mr. and Mrs. Donald Leith of Inkster, Mich., announce the birth of a daughter, Jean Woodward Leith, Wednesday, December 10 at a hospital in Detroit. Mrs. Leith was formerly Miss Dot Woodward, daughter of Mr. and Mrs. A. I. Woodward of 185 West Church street.

Tower Takes Position.
Seth Tower has taken a position as head of the domestic and linen department of the Meyer & Lindorf store. Several years ago he was employed in the J. J. Carroll store.

Barbers Form Partnership.
Elmer Davis, who has been operating the Davis barber shop in South Fifth street, has formed a partnership with C. A. Werstler and they have leased the Majestic shop in the Florintine building, 76 West Main street, where they will operate a modern up-to-date tonsorial parlor.

No Arrests Made.
No arrests have as yet been made in the matter of the person who has been prowling through the offices of the court house and ransacking drawers and cash boxes. It is known who has been committing the petty thefts and the officials are waiting for him to make good the $52 extracted from the auditor's safe in the commissioners office. If this is not done shortly a warrant may be issued.

Roof Catches Fire.
All the fire companies of the city were called to the Newark Furnace and Stamping Foundry this morning at 10 o'clock when an alarm was sent in from the plant. The roof of the building caught fire from a stove pipe but the flames were easily extinguished with chemicals. The loss will not exceed $25 or $30.

Lake Frozen Over.
Buckeye Lake is frozen over and if the present cold snap continues lake residents will begin filling the ice houses next week. Skating is good in several places and a number were out today trying the ice.

New Daughter Arrives.
Born, to Mr. and Mrs. W. C. Hinger of 11 West Holiday street, a daughter, who has been christened Gene Elizabeth. The child is a granddaughter of Patrolman William Hinger. The mother was formely Miss Ruth Snyder.

Birth Announcement.
Born, to Mr. and Mrs. Chester M. Wilson, Tuesday, a son. The parents reside southwest of this city on Route 1, Baltimore.

Former Resident Critically Ill.
Relatives have just been notified that Lawrence E. Colville, now of Willows, California, but formerly of Newark and Utica, is critically ill and no hope is entertained for his recovery. He together with his family has been living in the California city for the past eight years.

AX-HANDLE BACKFIRES KICKS LAKE'S JAW

County Commissioner Charles D. Lake has been absent from his office in the court house for several days nursing a sore cheek which was quite badly swoolen from a blow received from an ax handle. Commissioner Lake was chopping up an old sill in his yard in Hudson avenue and in throwing the ax over his shoulder it caught on a clothes line and jerking the handle caused it to fly up and catch Lake across the face.

MARRIAG LICENSE MARKET PICKS UP AFTER SLUMP

Three marriage licenses were issued yesterday and two today, the first since last Saturday. The marriage mart usually picks up before Christmas when Dan Cupid becomes busy and he always has quite a number of victims for Christmas day. The following licenses have been issued.

Ralph T. Pickens, laborer, of Alexandria, and Mrs. Hollie B. Hem of this city. Rev. J. M. Lamp to officiate.

George W. Fleming, a machinist, and Mrs. Shirley Lucas, a compto meter operator, both of this city. Rev. J. Emory Walters.

Charles W. Stevens and Miss Myrtle Lee Jackson, both of this city. Rev. J. Emory Walters to officiate.

Ernest Hoagwood, a moulder, and Miss Hazel Mayer, a clerk, both of this city. Rev. C. H. Stull to officiate.

Arthur H. Jones, a steel worker of Licking township, and Miss Blanch May Billman of Perryton. Justice B. O. Horton to officiate.

JOIN YOURSELF AND LET EVERY ONE IN THE FAMILY ENJOY THE PLEASURES AND BENEFITS OF MEMBERSHIP.

THE NEWARK TRUST COMPANY

NEWARK, OHIO.

1920 CHRISTMAS SAVINGS CLUB.

THOSE MYSTERIOUS PACKAGES

that are all tied up right now ready for Christmas may be worth two in the store later on. Just another way of saying---

"DO YOUR CHRISTMAS SHOPPING AT ONCE"

Preparedness for the holidays should be your watchword—choose now—stocks are complete and service is better. There are many choice novelties on display now, that will soon be closed out, and when these are gone, we will not be able to secure duplicates.

FOR THE ONE WHO TAKES FREQUENT TRIPS A FINE BAG OR SUIT CASE

Make your selection now—they may be left for later delivery if desirable—anyhow look now.

BAGS—in all sizes in smooth cowhide—walrus and seal grain, in black and tan. Some are silk lined—some leather lined—some linen lined and others waterproof lined.

SUIT CASES—Gladstone cases—leather cases—heavy tuft tanoid—fiber and matting cases in all cases from 18 to 26 inches long.

AN ALL LEATHER BAG AT $9.00

Will make a splendid gift. It's a real cowhide in black—with heavy set-in locks and catches—inside pockets and sewed on covers.

SOMETHING FINE FOR THE AUTOIST A WATERPROOF SUIT CASE AT $10.00

Water will not affect it, so it can be carried on the side of the auto—finished with heavy claw and catches that made it dust-proof. Heavy linen lining and straps all around the case.

LEATHER TRAVELING SETS

Will be acceptable to every traveler. Styles suitable for men and ladies—fittings are either ivory or ebony—such as comb—brush—mirror—soap dish—tooth brush holder, etc. The larger week-end cases are fitted with numerous toilet articles. Military brushes in either ivory or ebony are shown in small leather cases.

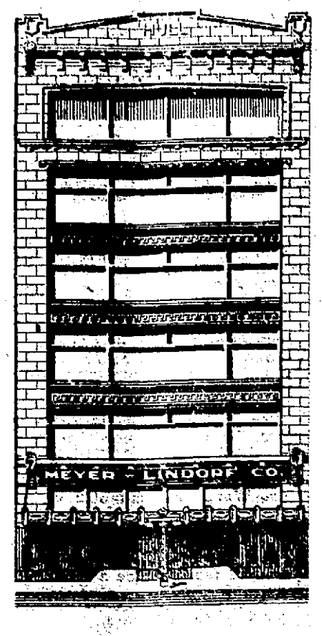

Make a selection from this showing priced **$1.00 to $15.00 each**

THE VERY THING—UMBRELLAS

It may be a sensible umbrella for general wear, or a splendid silk covered umbrella, of the rain—shine kind, which every woman will be proud to possess. These come in green, lavender, navy, grey and black. Some with white ivory tips—unique handles with heavy cords—Ivory rings and various styles in straight handles. For men, fine umbrellas in a variety of striking handles, both straight and curved.

SANTA CLAUS HEADQUARTERS OPENED TODAY

Room on Second Floor at 30½ West Main Will Receive Toys, Food and Clothing For Poor.

Headquarters for the consolidated Christmas charity work this season, was established yesterday at 30 1-2 West Main street, opposite the Advocate office. In this location will be assembled all the donations of food, clothing and toys which will be distributed to the Newark children who might otherwise miss a visit from Santa Claus.

Behind the movement are the various Newark organizations which heretofore have acted independently in this Christmas work. The Elks, the Rotary club, the Kiwanis club, the Boy Scouts, the Salvation Army, the Charity Newsies and other organizations have combined their efforts to conduct the work this year.

The various Boy Scout troops have been asked to collect toys in their neighborhood which are no longer of use in the families where children have outgrown them or become tired of them. These toys will be assembled at the Santa Claus headquarters for repairs and classification.

Boy Scout volunteers as well as representatives of other organizations will assist in repairing the toys and sorting them and on Christmas morning the boys will assist the older men in the distribution of toys, clothing and the usual Christmas dinner baskets.

Consolidation of the work will eliminate much overlapping which has been experienced in the past. The slogan adopted by the consolidated organization is "Not an empty stocking in Newark on Christmas." Gifts of food, clothing, toys and money may be made at the headquarters room or by notifying Boy Scout headquarters, Auto Phone 1748. Boy Scouts will call for the donations whatever they may be. Checks may also be mailed to Boy Scout headquarters in the Trust building.

TOMORROW NIGHT

GLEN ELLISON

Tomorrow night Newark is privileged to hear Glen Ellison.

The celebrated Scotch light opera star will appear in person. His program consists of "the songs that make America joyous."

Assisting him will be Mr. Thomas A. Edison's Three Million Dollar Phonograph.

HIGH SCHOOL AUDITORIUM
at 8:15 P. M.

FREE TICKETS

By special arrangement this is an invitation concert. Call, write or telephone us for free tickets of admittance. They will be issued in order of application.

NOTE—So great has been the demand for seats that but few remain. We will advise you to get your rseervation today.

THE STEWART BROS. & ALWARD CO.
THE ARCADE & UNION BLOCK, NEWARK, O.

LONG'S, OF COURSE.

No. 44 South Fourth St. was 25 West Main St. Fire, water and delay were ruinous to our hardware and furniture stocks, but new goods are arriving daily and constant calls from customers demand quick action, so we have decided to resume buying and selling. Office and salesroom 44 South Fourth St., one half block west, one block south from the fire. We are not selling "fire" goods, but new arrivals and local buys. Pipeless leads them all. We thank our neighbors and sympathizing friends for acts and words of sympathy and encouragement. GEORGE LONG.

One of These Days!

A farmer I know says that—one of these days—he's going to make his farm home over, into a modern home. "One of these days" he's going to put into use all the modern equipment that will be needed to make his farm power machinery, with his home fitted with modern lighting and with all the appointments that go to make for comfort and contentment in any home.

"One of these days!" Why not now?

The farm home nowadays can easily be made as modern as a city home, no difference where that farm home lies. Modern heating is easily accomplished, for the hot air or hot water systems offered today are available for any locality. For the other conveniences of light, power and running water, electricity offers the open sesame to these modern features, and electricity can be had anywhere today, regardless of location. This is because today the farmer can buy his own small electric plant and, what's more, he can run it himself, without any expert knowledge or assistance. The farm electric plant has finally been developed to the point where it is just as dependable as any other piece of standard farm equipment. 12-11-1tx
